DUSON Mission Statement
The mission of the Duke University School of Nursing (DUSON) is to create a center of excellence for the advancement of nursing science, the promotion of clinical scholarship, and the education of clinical leaders, advanced practitioners and researchers. Through nursing research, education, and practice, students and faculty seek to enhance the quality of life for people of all cultures, economic levels and geographic locations.

The DUSON Financial Aid Office strives for the same excellence through a high level of customer service. We make financial assistance available to accepted students who due to economic circumstances could not otherwise attend. Financial assistance for nursing students is available in the form of scholarships, grants, traineeships, loans, and loan repayment programs to eligible U.S. citizens. Private loans are available to international students with a U.S. cosigner.

SECTION 1: OVERVIEW

DUSON Financial Aid Policies and Procedures
The DUSON Financial Aid Director is responsible for developing policies and procedures related to financial aid for the school. For policies related to merit scholarships or traineeships, the Director works in conjunction with DUSON faculty chair of the selection committee for that program. For need-based scholarships, the Director and Business office collaborate regarding policies and procedures, with approval going through the Associate Dean, Finance and Administration.
Updated policies and procedures are communicated through the Financial Aid section of the DUSON website. New policies or changes may also be communicated through the weekly DUSON communications email, emails directly to students, faculty, or staff, or to OASS staff or DUSON Program Directors to be communicated on to students and faculty, respectively.

**Federal Financial Aid Updates**

The DUSON Financial Aid office keeps abreast of federal regulations through a variety of resources. This includes the Federal Student Financial Aid Handbook, Dear Colleague Letters, NASFAA newsletters, IFAP website, webinars, and monthly Graduate and Professional meetings led by the Assistant Vice Provost and Director, Financial Aid.

The following operating policies are designed to assure that the Financial Aid Office is effective in carrying out its responsibilities:

1. All students must apply for financial assistance by submitting the FAFSA to the DUSON Financial Aid Office (School Code E00162).
2. All financial assistance available to DUSON students shall be administered through the Financial Aid Office. The selection of students to receive certain designated scholarships shall be submitted by the responsible department to the Financial Aid Office for processing. Outside student resources received by other offices (such as the Bursar’s Office) must be reported to the Financial Aid Office.
3. The Financial Aid Office shall maintain adequate records to ensure proper administration of aid funds. This includes ensuring that aid given is not in excess of need and/or the cost of attendance and that aggregate awards do not exceed total expenditures of funds under each program.
4. Selection of students to receive financial aid will be made without regard to age, sex, race, color, religion, sexual orientation, national origin, disability or marital status.
5. Priority consideration for returning student aid is given to students whose files are complete by May 1st.
6. All students applying for aid are required to apply annually for federal assistance.

**SECTION 2: ADMINISTRATIVE ORGANIZATION OF THE FINANCIAL AID OFFICE**

**Division of Responsibility between Financial Aid and Fiscal Offices**

There exists a clear and separate division of responsibility for the administration of financial aid programs which are divided between the FAO, the DUSON Business Office, Student Loan Office and the Bursar/Cashier’s Office. In order to maintain this division, each office is accountable for the following responsibilities.

The DUSON Financial Aid Office is responsible for the following:
- Collect supporting documentation for the determination of aid eligibility
- Determine student eligibility for financial assistance
- Award federal aid in compliance with laws, regulations, and policies
- Notify students of aid eligibility (loans and scholarships/grants)
- Review and audit the calculations for the need-based scholarships
- Compile and complete financial aid institutional, state and federal reports

The DUSON Business Office is responsible for the following:
- Administer the Nurse Traineeships and Nurse Anesthetist Traineeship Programs
- Compile and complete all federal grant funding reports
- Prepare a master list of scholarships awarded for the current year and update as appropriate
- Fund Management

The Duke Bursar’s office is responsible for the following:
- Maintain and disburse accurate bills
- Collect payments for student accounts
- Disburse funds to students
- Report outside scholarships received to the FAO
The Duke Student Loan Office is responsible for the following:

- Process school loan certification
- Process Electronic Funds Transfers to the student accounts
- Administer the Federal Perkins Loan Program
- Administer the Nurse Faculty Loan Program
- Administer the Direct Loan Program

A complete organization chart for the Duke University School of Nursing is available on the DUSON intranet or by request.

Financial Aid Office Operations

The Financial Aid Office is open and available to service students from 8:30 am - 5:00 pm Monday through Friday. General financial aid forms are available within the Financial Aid section of the School of Nursing website: http://nursing.duke.edu/financial-aid. General financial aid application information is routed to the Financial Aid Counselor. Emails are responded to within 24 hours.

Phone calls are answered in a friendly and professional manner (i.e., School of Nursing Financial Aid Office. May I help you?). All Financial Aid staff log in and are available through the main financial aid phone number. Students are directed to their Financial Aid Counselor if available, and automatically routed to the next available Financial Aid staff if that person is not available. Every attempt is made to return calls the same business day, and no later than the next business day.

Students are not required to make appointments to meet with Financial Aid Staff. However, students wishing to make an appointment can contact the DUSON Financial Aid Office directly by phone: 919.684.9663 or email: son_finaid@dm.duke.edu.

The job descriptions for each position in the Financial Aid Office are available on the DUSONnet. The personnel policies of staff members are outlined in the Duke University Staff Handbook, which is distributed to employees. Performance evaluations are conducted on an annual basis. The PEP evaluation form provided by Department of Human Resources is used for FAO employees. Forms must be completed by immediate supervisors.

DUSON Financial Aid staff meetings are called at the discretion of the Financial Aid Director.

Records Management

All records and conversations between an aid applicant, his/her family and the staff of the FAO are confidential and entitled to the protection ordinarily given a counseling relationship. DUSON assures the confidentiality of student educational records in accordance with institutional, state, and federal laws including the Family Educational Rights and Privacy Act (FERPA) of 1974. For more information regarding FERPA, including what is and is not considered directory information, please visit: http://www.registrar.duke.edu/registrar/studentpages/student/ferpa.html.

The FAO maintains a master record for each student receiving financial assistance. All financial aid files are retained for three years after submission of the FISAP report. Any records involved in any claim or expenditure which has been questioned by federal audit are retained until the question is resolved.

Records for students who graduated on or prior to May 2013 are moved to off-site storage. Inactive records are kept in the FAO for one year following the close of the fiscal year in which they were active. At the end of one year, the folders are moved to storage. The FAO keeps inactive records for three years. After the appropriate time period, records are shredded.

Beginning with the 2013-14 academic year, all new and current student information is stored electronically through PeopleSoft, ImageNow, and the shared drives.
2015 Financial Aid Calendar

JANUARY
1 - New FAFSA available at www.fafsa.ed.gov
2 - Spring term financial aid disbursement
5 - ABSN and MSN Spring orientation financial aid presentation
7 - Spring classes begin
9 - DNP Spring orientation financial aid presentation
20-23 – Fall 2015 MSN Interview Days
21 – 5pm Spring Drop/Add ends. Last day to apply for Spring DUSON need-based scholarship
Duke Preferred Lender List reviewed and updated for 2015-16

FEBRUARY
16 – Registration begins for summer semester
18 – Fall 2015 MSN admissions decisions released
23 – Fall 2105 BSN-DNP admissions decisions released
27 - Tuition voted on by the Board of Trustees
28 – Priority deadline for fall 2015 MSN students
Forms and deadlines updated on the website for 2015-16
Fall 2015 aid year activation and checklist assignment begins
Spring 2015 exit loan counseling sessions

MARCH
Reminder email sent to returning students regarding renewal application process
2015-16 cost of attendance budget reviewed and established (including average tuition and loan fees)
2015-16 budgets sent to SISS office to be added to PeopleSoft
2015-16 tuition rate and COA estimates updated on website
2015-16 packaging plan updates to SISS
Update prompts for 3C Engine assignment if needed (check date range within CommGen set up as well)
PeopleSoft bundle moved to PROD database
Begin updating Policy and Procedure Manual
6 - Spring Break begins at 7pm
6 – Fall 2015 ABSN admissions decisions released
7 – Priority Financial Aid Application Date for fall 2015 ABSN Cohort
7 – Fall 2015 financial aid awards emailed weekly beginning on this date
16 – Spring classes resume
17-19 – Fall 2015 Nurse Anesthesia DNP Interview Days financial aid presentations
23-27 – Fall 2015 DNP Interview Days (most by Skype)
23 – Open House financial aid presentation
27, 30 – Fall 2015 ABSN Duke Days
28 – Fall 2015 DNP (including Nurse Anesthesia) Priority Financial Aid Application deadline

APRIL
1 – Registration begins for fall 2015
8 - DNP and NAP-DNP admissions decisions released
10 – ABSN classes end for fall 2014 and spring 2015 cohorts
14 – Final exams end for fall 2014 and spring 2015 cohorts
15 - Spring graduate classes end

MAY
2015-16 packaging begins for returning students
1 - FAFSA Priority Filing Date for returning students
2 – Final Exams end
4 – Summer term financial aid disbursement
8 – DUSON spring graduation
10 – Duke Spring graduation
13 - Summer classes begin
27 – Last day of summer Drop/Add. Last day to apply for summer DUSON need-based scholarship

JUNE
15 – Renewal Financial Aid Awards available for all students meeting priority filing deadline
11 – First HEA budgeting/financial aid workshop
24 – Follow up HEA budgeting/financial aid workshop

JULY
University Scholar announced
1 – Priority deadline for Spring 2016 admits from all programs
1 – Fall 2015 Informatics scholarship deadline
1-3 - ABSN Summer recess
9-10, 13-14 –MSN Spring 2016 Interview Days
9 – ABSN Spring 2016 admissions decisions released
24 – ABSN Spring 2016 financial aid awards emailed
31 - Spring 2016 ABSN Duke Days

AUGUST
1 – Spring 2016 ABSN Duke Days
6 – Summer classes end
7 – ABSN summer classes end
9- Summer exams end
10 – Spring 2016 DNP admits
14 - Fall financial aid disbursement
15 – Spring 2016 DNP merit scholarship deadline
18 - Fall new student orientation financial aid presentations
19 – Spring 2016 MSN admits
24 – Fall classes begin
24 – BSN-DNP Spring 2016 admits
2014-15 financial aid annual data reporting

SEPTEMBER
4- Last day of Fall Drop/Add. Last day to apply for Fall DUSON need-based scholarship
DUSON information session
Fall 2015 exit loan counseling sessions

OCTOBER
9 – Fall break begins at 7pm
14 – Fall classes resume
NCHED reporting

NOVEMBER
24 – Thanksgiving break begins at 10:30pm
24 – Last day of fall graduate classes

DECEMBER
1 – Spring 2016 Informatics scholarship deadline
13 - Final exams end

SECTION 3: FINANCIAL AID PROGRAMS
Financial aid programs which are available to students attending DUSON are listed on the Financial Aid section of the School of Nursing website. The DUSON Financial Aid Office awards federal and institutional resources listed below based on the eligibility criteria outlined.

**Federal**
Federal Grad PLUS Loan  
Federal Perkins Loan  
Federal Subsidized Stafford Loan  
Federal Unsubsidized Stafford Loan  
Nurse Faculty Loan Program  
Nurse Traineeship Program

**Institutional**
DUSON Need-Based Scholarship  
University Scholars  
North Carolina Community College Faculty Scholarship  
Informatics scholarship  
DNP merit scholarship

**Federal**
To be eligible to receive Federal assistance, a student must:
1. Be enrolled at least half time (4.5 credit hours Fall, 4.5 credit hours Spring, 3 credit hours Summer for Graduate Students; 6 credit hours/semester for ABSN and post-Bachelor’s Certificate Students) in an eligible program of study.
2. Be a U.S. citizen, U.S. national, or U.S. permanent resident or reside in the United States for other than a temporary purpose (supportive documentation may be required to verify residency or citizenship status).
3. Maintain satisfactory academic progress in their course of study.
4. Not be in default of any loan or owe a repayment on a Federal Pell Grant, FSEOG, or State Grant.
5. Demonstrate financial need.

Federal aid is awarded in accordance with the Department of Education guidelines. Federal loans are awarded after any grants or scholarships, and are applied toward any unmet cost of attendance.

Perkins loans are awarded to new Fall ABSN and CRNA students with an EFC below $3000 and to new Fall MSN and DNP students with an EFC below $1000 on a first-come, first-served basis. Standard award amount is $1500/semester. Returning ABSN students must meet the previous criteria, must submit the FAFSA by May 1, and must have received a Perkins loan disbursement the prior year to be eligible for funding. Returning Graduate students must have received a Perkins loan in the prior year and must have extenuating circumstances which warrant the additional funding. New Spring students are not eligible for the funds, as this program is ending in fall 2015.

**Institutional**
All institutional scholarships are awarded prior to the student’s first semester and carried throughout the student’s DUSON career. These scholarships must be applied toward tuition.

The University Scholars program is a highly selective scholarship. All applicants to the school are considered based on their Admissions application. The top three applicants from each degree program (ABSN, MSN, DNP) are selected for nomination. The Program Directors and Associate Dean for Academic Affairs (ADAA) reviews the nominees and the ADAA selects the recipient to represent the School of Nursing.

DUSON Need-based scholarships are awarded to degree-seeking students who apply for financial aid based on the expected family contribution (EFC) on the FAFSA. Eligibility is based on the FAFSA EFC and the academic program of study, and are awarded automatically through PeopleSoft as part of the student’s financial aid package. Qualified students receive a fixed award amount divided over six semesters for MSN and DNP students, seven semesters for Nurse
Anesthesia students, and four semesters for ABSN students. Students with transfer credit or who have already completed required coursework would receive the scholarship for a prorated number of semesters.

North Carolina Community College scholarships are automatically awarded at an amount of 15% tuition per semester for eligibility admitted students. No separate application is required.

Informatics scholarships will be awarded for one new Fall 2015 student and one new Spring 2016 student. Each scholarship could cover up to $40,000 of tuition to complete the student’s MSN Informatics Program of study ($20,000 per year for two years). Students may apply for this special scholarship one time only, prior to the first semester in which they are enrolled in the Nursing Informatics Program. The successful student can have the first year’s $20,000 Scholarship renewed in their second year for $20,000. Non-degree students are not eligible to apply.

Students apply by completing a Qualtrics survey and submitting an essay as outlined on our website. The student information and essays, along with GPA information provided by OASS, are reviewed by a committee of Informatics faculty, who will then select the one scholarship recipient.

DNP merit scholarships will be awarded to post-Master’s DNP students beginning the program in Spring 2016. One 75% tuition scholarship and five 20% tuition scholarships will be awarded. To apply, students submit an essay as outlined on our website. The essays are reviewed by DNP faculty, who determine the 75% tuition and 20% tuition scholarship recipients.

Other institutional funds are grant funded and administered in accordance with the terms of the grant. If a separate application is required, that information is communicated by the Financial Aid section of the School of Nursing website. The Financial Aid and Business office work with the appropriate faculty and academic department staff regarding the application requirements, number of awards, and review process. Students are notified of scholarship decisions via email and/or hard copy letter.

SECTION 4: STUDENT LOAN POLICIES AND PROCEDURES
Student loan policies and procedures are created and maintained by Duke’s Student Loan office. For more information, please visit their website: http://financialaid.duke.edu/loans.

SECTION 5: STUDENT CONSUMER INFORMATION
The staff in the Financial Aid Office recognizes that in order to understand the complications of Financial Aid, accurate and timely dissemination of information to consumers is vital. Several policies have been implemented to ensure appropriate dissemination is achieved. The consumer information policies are developed and maintained by the main Duke campus. For more information, please visit: http://duke.edu/services/ethicscompliance/heoa/index.php.

Rights and Responsibilities of Students on Aid
As a recipient of financial aid, there are certain rights and responsibilities of which students should be aware. These rights and responsibilities of students on financial aid are listed in the following documents:
1. The DUSON Bulletin
2. The Financial Aid Award Notification
3. The Master Promissory Note

Students have the right to know the:
1. Financial aid programs available at DUSON
2. Application process which must be followed to be considered for aid
3. Criteria used to select recipients and calculate need
4. DUSON refund and repayment policy
5. FAO policies surrounding satisfactory academic progress
6. Special facilities and services available for the handicapped

Students are responsible for:
1. Completing all forms accurately and by the published deadlines
2. Submitting information requested by FAO staff in a timely manner
3. Keeping the FAO informed of any changes in address, name, marital status, financial situation, or any change in student status
4. Reporting to the FAO any additional assistance from non-University sources such as scholarships, loans, fellowships, and educational benefits
5. Notifying the FAO of a change in enrollment status
6. Maintaining satisfactory academic progress
7. Re-applying for aid each year

A description of the fees for attendance is published in the DUSON Bulletin and the DUSON website. An estimated budget for the total cost of attendance is published on the DUSON Financial Aid award letter and website. The refund policy is outlined in the DUSON Bulletin and on the DUSON website. A description of the academic programs offered at DUSON is listed in the DUSON Bulletin. Additional information may be obtained from individual departments.

Only information published, provided, or referred by Financial Aid Office staff is valid. Any additional information should be verified with staff from the Financial Aid Office.

Student retention and completion data is gathered by the Registrar’s Office.

The Student Disability Access Office provides information and assistance to students with disabilities who are in need of special accommodations. This office should be contacted for additional information.

Information concerning accreditation is listed in the DUSON Bulletin. Additional information may be obtained from the Office of the Dean.

SECTION 6: APPLICATIONS AND FORMS

Application Process
As federal loans are the main resource offered to DUSON students, the FAFSA is the primary application requirement for financial aid and the federal EFC is the basis for determining financial need. The Duke School of Nursing School Code is E00162. Students are encouraged to file 2014 federal tax returns at least two weeks prior to completing the FAFSA so that IRS information may be imported into the FAFSA via IRS data retrieval.

A DUSON financial aid survey is also required for newly admitted students to assist us in collecting additional information regarding the student, including outside resources received and any special circumstances. The survey is the only required application material to receive a private loan or Nurse Faculty Loan.

Form links and deadlines are posted on the Financial Aid section of the School of Nursing website. In addition, deadlines are communicated to new cohort students through Interview Day presentations. Returning students are emailed in the spring with application links and deadlines pertaining to the renewal financial aid process.

The FAFSA and application survey appear on the student’s ACES account as a To Do item until it has been completed.

Additional documents may be requested to complete processing of the aid request. Notifications of these additional required documents are sent to students by email. Below are documents which may be required.

1. Federal Tax Transcript – students selected for federal verification and not able to use the IRS data retrieval must request an official federal tax transcript from the IRS.
2. Verification Worksheet - a document which collects updated information submitted on the FAFSA. Students who are selected for verification must submit a federal verification worksheet by the last day of classes of the final semester of enrollment in the academic year (or June 1st for summer 2015). Dependent students must obtain a parent’s signature.
Independent students must obtain a spouse's signature if applicable. An Aid Administrator may request a Verification Worksheet to resolve conflicting documentation.

3. Citizenship/Residency Verification - a document which collects proof that the student has citizenship status eligible for financial aid purposes. For eligible noncitizens, Document Verification Request Form G-845 will be required, along with copies of the student’s Department of Homeland Security documentation.

4. Non-Filer Statement – a document which verifies that a student did not file a tax return.

5. Certification of Separation – a document which verifies that a married student is separated and living separately from his/her spouse.

6. Employment Verification - a letter which verifies a student, spouse, or parent’s change in employment status. This letter must be written by the current or former employer, whichever is appropriate.

**Application Review Procedure**

Applications are reviewed through survey reports in Qualtrics and saved on the shared drive. The Financial Aid Counselor updates the student’s checklist in PeopleSoft to reflect receipt of the application and notes any outside awards or special circumstances.

The Financial Aid Director or Financial Aid Counselor runs a report for students within a specified program and admit term who have been accepted and have a FAFSA. This list is distributed to the Counselors to review and package the students (based on alphabet), with the Director assisting if needed during heavier packaging times.

If students are missing information or if additional information is needed due to Federal Verification selection, the student is emailed notifying him/her of the missing documents, links to forms (if applicable), and where/how to send the information. If the student has made an error on the FAFSA (such as indicating Graduate Student and applying for the ABSN program), the student is instructed to go to [http://www.fafsa.ed.gov](http://www.fafsa.ed.gov) and correct this information.

If student has submitted FAFSA and we did not receive it in our system, the FAFSA record (ISIR) is requested through the Department of Education via FAA Access.

**DUSON Forms**

As previously mentioned, the DUSON financial aid application survey is required for newly admitted students as part of the need-based review process. This form assists with determining additional resources and benefits a student may receive (such as being a Duke employee) as well as the types of aid the student is interested in (such as Nurse Faculty Loan Program).

If a student is awarded a DUSON scholarship, they are directed to review the Scholarship Conditions and Restrictions, available on our website, and answer yes/no to the applicable questions within ACES under the Financial Aid Notifications tab. This item appears on their ACES To Do list as well.

If a student has extenuating circumstances and is requesting a cost of attendance adjustment or professional judgment, the Financial Aid Counselor sends a form to the student to complete. This form is available on our shared drive.

Forms are reviewed by the Financial Aid office on an annual basis at a minimum and updated accordingly. Edits of online forms are submitted to dusonweb to update. If applicable, copies of forms are stored on the Financial Aid Shared Drive under Forms and Publications.

**Deadlines**

Priority FAFSA filing deadline for all returning students is May 1, 2015. Priority filing deadline for new students is posted on the website and/or communicated to students through the Interview Days financial aid presentation and packet materials. Students admitted in fall 2015 have the following priority deadlines: ABSN: March 7, 2015; MSN: February 28, 2015; DNP: March 28, 2015. Students admitted in spring 2016 have the following priority deadlines: July 1, 2015.
2015-16 FAFSA is available until June 30, 2016. However, FAFSA information and any additional documents required for federal verification or to resolve FAFSA comment codes must be received to the school by the last day of classes in your final semester (or by June 1st for Summer 2016) in order to process the loan.

The deadline to be considered for DUSON need-based scholarship is drop/add of the semester of application.

Additional school scholarship application and deadlines are posted on the Financial Aid section of the DUSON website.

North Carolina state scholarship, grant, and loan fund deadlines are posted to CNFC.org and NCSEAA.edu (with links from the DUSON financial aid website).

Because institutional funds are limited, scholarship deadlines must be strictly enforced.

**Document Assignment, Collection, and Tracking**

Financial Aid application information is stored electronically on the Financial Aid shared drive. Any special circumstances or additional information is added as a PeopleSoft comment. Information submitted by mail or fax are scanned and saved in ImageNow. FAFSAs are stored electronically in PeopleSoft. PeopleSoft checklists are utilized to track receipt of financial aid application materials.

Students are notified of required documents through the Financial Aid section of the School of Nursing website and through financial aid presentations. A small percentage of students are selected for federal verification and/or require additional information, and the Financial Aid Counselor emails the student to inform him/her of the reason for the request and any required forms or next steps needed by the student. A PeopleSoft checklist is generated through an automated PeopleSoft process when a student is selected for federal verification or when a C flag appears on the FAFSA (such as to confirm citizenship, selective service registration, etc.).

Once additional information is received, it is directed to the appropriate Financial Aid Counselor to finalize the award and include the information in the student’s electronic file in ImageNow. If the information is incomplete, the student is notified by the Financial Aid Counselor via phone or email.

Once federal verification is completed, the flag indicating verification status is flipped accordingly in PeopleSoft. The Financial Aid Director runs queries periodically for any students with Verification status at Required or Pending and sends to Counselors for review and follow-up. The Undergraduate Financial Aid Office periodically runs verification audit reports and sends to us as well.

When all required documents are received, the student is considered complete and ready to be packaged. The Financial Aid Officer gathers all documentation and creates a student folder for new students and updates previous year files for returning students.

**Pre-Award Appeals**

Because we have limited scholarship funds available at the school, appeals of the scholarship award decisions are not applicable. We will consider appeals in light of valid professional judgment reviews, and those are generally initiated through conversations (email, phone, in person) between the student and the Financial Aid Counselor or Financial Aid Director. Financial Aid Counselors email an Appeal Form to the student to complete and submit, along with supporting documentation.

Triggers for appeals typically involve involuntary loss of employment by the student or spouse (or parent of a dependent ABSN student), high medical expenses, or child or elder care. Students are instructed to provide documentation of the change in income or out-of-pocket expenses for a particular time period (typically a calendar year for income and academic year for expenses). The appeal would be reviewed by the Financial Aid Counselor, with additional review by the Financial Aid Director as needed.
Students would be notified of appeal decision by email. Any change to a financial aid award would be available for view on ACES as well.

SECTION 7: FILE REVIEW

Verification
Verification is the process of confirming the accuracy of student reported data on financial aid applications. Only a portion of the student population is selected for verification. Students are notified that they are selected for verification on the FAFSA Student Aid Report (SAR). In addition, the student is notified via email that he/she has been selected for verification.

The DUSON Financial Aid Office verifies only those applicants identified by the Department of Education (DOE) or if there is a discrepancy or a condition which is unusual and warrants investigation. DUSON systematically verifies only those data elements required by the federal government. However, Financial Aid Counselors may request additional information if further investigation is needed to resolve a discrepancy.

The DUSON Financial Aid Office is required to resolve any discrepancies discovered in a student's file, regardless of whether the student is selected for verification. The Financial Aid Counselor will request additional information from the student to resolve the discrepancy.

For students selected for verification, an automated process assigns a PeopleSoft checklist to the student. The Financial Aid Counselor sends an email to the student as a reminder of the specific items needed and to let the student know the information may be mailed, faxed, or scanned and sent electronically. All verification requirements must be satisfied by the last day of classes of the final semester of enrollment for the academic year, or June 1st for summer term enrollment.

Verification Exclusions
In the circumstances below, student verification is not required. The Financial Aid Counselor documents the specific reason within PeopleSoft if any of the following applies:

1. An applicant who died during the award year.
2. A student who does not receive Title IV funds.
3. A student who is eligible to receive only unsubsidized loans.
4. A transfer student whose verification has already been completed by another school for the given aid year. The FAFSA data must remain unchanged and a letter is required from that school stating that verification was completed and provided the FAFSA transaction number.
5. Student was selected for verification after ceasing to be enrolled at the school and after all Title IV aid has disbursed.

For dependent students, parent data does not need to be verified if any of the following applies:

1. Both parents are mentally incapacitated.
2. Parents reside outside the U.S. and cannot be contacted by normal means.
3. Parents cannot be located because student does not have and cannot obtain contact information.

For married students, spouse data does not need to be verified if any of the following applies:

1. The spouse has died.
2. The spouse is mentally incapacitated.
3. Spouse resides outside the U.S. and cannot be contacted by normal means.
4. Spouse cannot be located because student does not have and cannot obtain contact information.

Data Elements to be Verified and Required Documentation
For 2015-16, the Department of Education is using a customized verification process. Below is a list of items to be verified based on the student’s verification tracking group, as well as a description of required documents.

V1: Standard verification group – verify all income sources (including SNAP benefits and child support), household size, and number in college.

V3: Child support paid verification group - verify child support paid by the student (or spouse), the student’s parent, or both.

V4: Custom verification group – verify high school completion status, identity/statement of educational purpose, SNAP benefits, and child support paid.

V5: Aggregate verification group – verify all elements incorporated into V1-V4.

V6: Household resources verification group – verify other untaxed income, standard verification items, and SNAP/child support paid.

**Adjusted Gross Income and Taxed Paid**

The adjusted gross income and federal taxes paid are verified through IRS Data Retrieval, which imports tax information from the IRS directly to the FAFSA. This may be completed during the initial FAFSA filing or as a FAFSA correction. If a student cannot or will not use IRS Data Retrieval, s/he must provide an IRS tax transcript for the student and spouses or parents, if applicable.

If a student did not file a tax return, s/he must submit all W-2s as well as a signed verification worksheet listing any income for which a W-2 was not received.

**Household Size**

Household size is verified by comparing the Verification Worksheet to federal data. Discrepancies must be corrected before further processing.

Household size does not need to be verified if family size is:

1. Independent, single student
2. Independent, married student or dependent student with a single/divorced parent
3. Dependent student with married parents

**Number in Postsecondary Institutions**

Number of family members enrolled at least half-time in postsecondary institutions is verified by comparing the Verification Worksheet to federal data. Discrepancies must be corrected before further processing.

If the student is the only family member enrolled at least half-time in postsecondary institutions, number in college does not need to be verified.

**Food Stamps**

If a student or spouse/parent (if applicable) indicated receipt of food stamps, the student must provide this information as part of the signed Verification worksheet. The Financial Aid Counselor may also request documentation from the benefits agency or other documentation to resolve any conflicting information or address any concerns regarding the accuracy of student submitted information.

**Child Support**

If a student or spouse/parent (if applicable) indicated receipt of child support, the student must provide this information as part of the signed Verification worksheet. This includes the amount paid, name of child(ren) supported, source of support, and to whom it was paid. The Financial Aid Counselor may also request documentation such as a copy of a separation agreement or divorce decree or copies of checks or money order receipts to resolve any conflicting information or address any concerns regarding the accuracy of student submitted information.

**High School Completion**
The institution has verified high school completion status if the institution’s admissions office obtains and retains, for the Title IV required record retention period, copies of students’ high school diplomas or high school transcripts. However, the institution must ensure that the documentation is official and indicates that the student was awarded a high school diploma. An academic transcript that indicates the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor’s degree is also acceptable documentation.

**Identity and Statement of Educational Purpose**
To verify identity and statement of educational purpose, a student must appear in person at the Financial Aid office and provide a valid, government-issued photo ID to confirm identity. The student must sign the Statement of Educational Purpose in the presence of an institutional official as well. For distance education students only: valid government ID must be shown to and Statement of Educational Purpose must be signed in front of a notary public. The original Statement of Educational Purpose must be mailed to the Financial Aid office.

**Notification to Students**
Students are notified of the results of verification by email, either through a financial aid award notification or revision communication generated through PeopleSoft or as a personal email sent from the Financial Aid Counselor.

**Update and Correction Procedures**
There are three situations whereby a Financial Aid Counselor may update student information. When students notify the aid office of an allowable update, the Counselor may recalculate the student’s Expected Family Contribution and the new figure may be used to award financial aid. Updates may occur for:
1) Dependency status (Dependency status may not be changed for previously certified Stafford Loans, and may not be changed due to marital status)
2) Family size
3) Number of family members enrolled in a postsecondary institution

If corrections are needed after verification is completed, the student will be required to update the incorrect FAFSA information. This will result in an additional FAFSA being received. Once received, verification will be completed on the updated FAFSA information.

**Database Matches, Reject Codes, & C-Codes Clearance**
For database match and c-codes on the FAFSA, an automated process assigns PeopleSoft checklists for any missing documentation. The Financial Aid Counselor emails the student, providing additional explanation of the required documents and how to send them. Financial aid awards are not final until the appropriate documentation is received and verified. Common FAFSA messages and required documentation to clear the message and proceed with a final financial aid award are listed below.

**Social Security Administration (SSA)**
The student is required to submit a copy of the social security card, confirming the name and SSN, or to correct the FAFSA if errors were made during the initial FAFSA filing.

**Department of Homeland Security (DHS)**
If the Department of Homeland Security could not verify the student’s citizenship, the student must submit additional information.
US citizens or permanent residents must submit a copy of a US passport, birth certificate, or naturalization certificate confirming citizenship status. The checklist item is completed by the Counselor and a copy of the documentation is stored in the student file or electronically on the shared drive.

Eligible non-citizens whose A-number did not pass secondary confirmation by Homeland Security must bring unexpired immigration status verification documentation in person to the Financial Aid Office. The Financial Aid Counselor completes form G-845 and makes a copy of the front and back of student documentation. This information is sent to the Department of Homeland Security for review. No financial aid is awarded until we have received confirmation from the
Department of Homeland Security regarding student’s eligibility for federal financial aid or until 15 business days after the date the documentation was sent, whichever occurs first.

Selective Service System
Males aged 18-25 are required to complete selective service registration. The Financial Aid Counselor will verify registration status at http://www.sss.gov. If the registration is not complete, the student is instructed to go to the website to complete registration. If the student is female, the FAFSA information is corrected and the checklist for additional documentation is waived.

Male students are exempt from selective service registration if any of the following are true:

- Current active duty military
- Not yet 18 as of the date the FAFSA is completed
- Born before 1960
- Noncitizens who first entered the US after age 26 or who entered the US as lawful nonimmigrants on a valid visa and remained in the US on that visa until after they turned 26

If the Financial Aid Counselor has adequate information to determine that the student is not required to register, the Financial Aid Office would note this in PeopleSoft and/or in the student file and proceed accordingly. Otherwise, the student will be asked to register or provide appropriate documentation regarding the selective service registration exemption.

If a student has not registered and cannot provide documentation of an exemption, he must contact the Selective Service to get a status information letter addressing his failure to register. This letter will be used to determine if the student is exempt from registration or if he knowingly and willfully failed to register. If the student knowingly and willfully failed to register, he is not eligible for federal student aid.

National Student Loan Data System (NSLDS)
If the student’s FAFSA indicates that s/he is at or near the federal aggregate loan limit or may be in default or owes an overpayment, the Financial Aid Counselor pulls the student’s NSLDS record and retains this in the student’s file in ImageNow or notes this in a PeopleSoft comment. If the student is at or near a federal aggregate limit, the financial award is completed accordingly, to either omit any funding from the pertinent federal program or with a reduction from the standard award amount. If the student is in default or owes an overpayment, the Counselor contacts the student to request additional information before completing the financial aid award. Questions regarding the student’s eligibility for federal loans are reviewed by the Student Loan office.

Drug Conviction
If a student has a federal or state drug conviction during a period of enrollment for which the student was receiving federal aid, the student is disqualified from federal financial aid funding. Students self-report this information on the FAFSA. However, in situations of conflicting information, the School is required to confirm this information.

The student regains eligibility based on the timeline in the chart below (Please note - if the student is convicted for both possession and sale, the longer period applies):

<table>
<thead>
<tr>
<th></th>
<th>Possession of illegal drugs</th>
<th>Sale of illegal drugs</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st offense</td>
<td>1 year from date of conviction</td>
<td>2 years from date of conviction</td>
</tr>
<tr>
<td>2nd offense</td>
<td>2 years from date of conviction</td>
<td>Indefinite period</td>
</tr>
<tr>
<td>3+ offenses</td>
<td>Indefinite period</td>
<td></td>
</tr>
</tbody>
</table>

Students regain eligibility one day after the period of ineligibility ends or after successfully completing a qualified drug rehabilitation program or passing two unannounced drug tests given by such a program. It is the student’s responsibility to provide this documentation.
Qualified drug rehabilitation programs must include at least two unannounced drug tests and satisfy at least one of the following:

- Be qualified to receive funds directly or indirectly from a federal, state, or local government program.
- Be qualified to receive payment directly or indirectly from a federally-or state-licensed insurance company.
- Be administered or recognized by a federal, state, or local government agency or court.
- Be administered or recognized by a federally- or state-licensed hospital, health clinic, or medical doctor.

Students identified as ineligible due to a drug conviction (either through the FAFSA information or through confirmation of conflicting information) will be notified in writing of the loss of eligibility, as well as additional information regarding when and how to regain eligibility.

**Review of Subsequent ISIR Transactions**

Queries are utilized to identify students with additional federal subsidized Stafford eligibility due to subsequent ISIR transactions. Audit queries are used to identify students who are in a federal overaward situation or who are no longer eligible for Perkins loan funding due to subsequent ISIR transactions. The ISIR download and review process is overseen by the Undergraduate Financial Aid office, and they send us query results to review periodically.

**SECTION 8: STUDENT BUDGETS**

Student budgets are an important component in the financial aid process. Standard student budgets reflecting the DUSON average student population cost of attendance at a modest, but adequate standard of living are used to award financial aid. Special budget considerations are approved through the Professional Judgment process by the Financial Aid Counselor on a case-by-case basis.

**Budget Components**

The Financial Aid Director collects information on an annual basis to prepare standard budgets by academic program and cohort/admit term. The budget components are as follows:

**Tuition and Fees**

Tuition rates are approved by the Board of Trustees on an annual basis in late February. DUSON-specific fees are approved with tuition in February. All other University fees are approved by June. Tuition and fees information is available on the DUSON Financial Aid website under Tuition and Fees. For ABSN, Nurse Anesthesia, and Post-Master’s DNP students, tuition is budgeted based on the standard curriculum for the program and cohort, and based on the Research track for ABSN students. After drop/add, budgets are adjusted to reflect the actual tuition charged, if it differs from the standard. For all other students (Master’s, Post-Bachelor’s DNP, and Certificate) an average tuition amount is included in the student budget. Average enrollment is determined using queries and pulling in the most recent data available for each semester (i.e. for 2015-16 budgets, it was based on enrollment reports for summer 2014, fall 2014, and spring 2015). Students can request a professional judgment review to use actual tuition amounts instead of averages.

Loan fees are reviewed on an annual basis using the most recent data available. Loan fees are broken down by career. To get an average by semester, the NURS career total annual fees are divided by 3 (since most students are enrolled for all three semesters) and the NBSN career total annual fees are divided by 2 (since the average enrollment for NBSN career is two semesters per year). That semester amount is included in the standard budget for all students within that career.

Technology fee, transcript fee, and student activity fee are included for all programs. Health fee and health insurance is included for ABSN and nurse anesthesia students, although it may be added for other students if charged and on a case-by-case basis. Recreation fee is only included for ABSN students. A detailed breakdown of fees, amount, and semester charged may be found at: [http://nursing.duke.edu/financial-aid/fees](http://nursing.duke.edu/financial-aid/fees).

**Books and Supplies**
A survey of expenses within the different academic areas and the University Bookstore is used to collect costs for books and supplies.

**Room and Board**
Room and board is based on a survey of average utilities and rent for two-bedroom apartments in the Duke University area. The survey is conducted every three years and this amount is used for all Duke University graduate and professional student budgets.

**Transportation**
Transportation costs are based on a student living locally and commuting to class five days a week. This amount is used for all Duke University graduate and professional student budgets. For nurse anesthesia students, an additional allowance is provided for average clinical site travel expenses (based on actual clinical site data for the Class of 2012; typically reviewed every three years, but program changed to DNP and new curriculum implemented in fall 2014, and clinical travel information for this group not available until the end of 2014-15 academic year).

**Miscellaneous Expenses**
Miscellaneous expenses include costs for clothing, toiletries, recreational, and other personal expenses. This amount is used for all Duke University graduate and professional student budgets.

**Health Insurance**
All students are required to have health insurance. Students are given the option to purchase insurance through Duke University. These rates are set annually by Duke Student Health and varies based on the age of the student and applicable spouse or dependent coverage. Health insurance is included in the standard budget for ABSN and Nurse Anesthesia students, as they are enrolled full time and not able to work while enrolled. For all other students, health insurance is only included if requested and amount is based on the actual insurance charge on the student’s account.

**Budget Amounts**
The Duke University School of Nursing charges by the credit hour, except for the ABSN program which is charged a fixed rate per semester, with rates as follows:

<table>
<thead>
<tr>
<th></th>
<th>2015-16</th>
</tr>
</thead>
<tbody>
<tr>
<td>Graduate courses</td>
<td>$1568/credit hour</td>
</tr>
<tr>
<td>ABSN students admitted Fall 2014 or Spring 2015</td>
<td>$19,194/semester</td>
</tr>
</tbody>
</table>

For cohort programs (ABSN, CRNA, and post-Master’s DNP), actual tuition is used based on the standard matriculation plan for the program. For Master’s (except CRNA), post-Bachelor’s DNP, and Certificate students, average tuition is used. Data is collected and reviewed on an annual basis using the most recent data available.

All student budgets include a standard allowance for housing, food, transportation, books, and miscellaneous expenses, as detailed below:

**2015-16:**

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Rent/Housing</td>
<td>$3740/semester</td>
</tr>
<tr>
<td>Food allowance</td>
<td>$2028/semester</td>
</tr>
<tr>
<td>Books/supplies</td>
<td>$440/semester</td>
</tr>
<tr>
<td>Transportation</td>
<td>$760/semester</td>
</tr>
<tr>
<td>Miscellaneous</td>
<td>$1520/semester</td>
</tr>
</tbody>
</table>

Health insurance is included as a standard budget item for full-time, cohort programs (ABSN, CRNA) **only** and is $2400/year, charged in the fall. For students beginning in the spring, health insurance is prorated to $1384/year.

**Special Budget Considerations**
Upon request, Financial Aid Counselors may review, and if appropriate, adjust a student's budget. Students must submit complete the Cost of attendance PJ form with supporting documentation or tuition adjustment Qualtrics form (for tuition adjustments).

Examples of changes to standard budgets include, but are not limited to:

1. Child care - the cost of day care with dependent children may be added to a standard budget with appropriate dollar-specific documentation. Maximum allowance is $500/month per child (based on survey by Duke Institutional Research of all Duke graduate and professional students). Allowance is for costs incurred by the student during the months of enrollment in the aid year ONLY. Spouse/partner must be working or enrolled in school as well, and total expenses for the child are divided by two (shared equally between both parents). Allowance is for the student’s portion of expenses only.

2. Large out-of-pocket medical expenses – medical expenses incurred by the student during the months of enrollment that exceed the normal allowance provided by the Department of Education (generally about 2% of income) may be added to the student budget with appropriate dollar-specific documentation.

3. Additional educational expenses – educational expenses required for the degree and that are not included in our budget or exceed our allocation may be considered with dollar-specific documentation. This may include one-time purchase of a computer (not to exceed $2500), books and supplies that exceed the allowance, health insurance charged to a Master’s, Certificate, or DNP student, or tuition charges that exceed the average tuition amount for non-CRNA Master’s students.

We cannot consider budget adjustments for living expenses to increase federal loan eligibility. However, you can submit dollar-specific documentation of additional living expenses in order to borrow from a private student loan.

**Budget Waivers**

If a student receives a resource toward a budget item, the amount must either be included in the financial aid award as an outside resource (such as tuition benefits or stipends) or the budget item must be removed (such as a student living in military housing rent-free).

**SECTION 9: AWARDING AND PACKAGING FINANCIAL AID**

**Packaging Philosophies**

The DUSON Financial Aid office strives for an individual approach to financial aid awards. Scholarship funding is limited, and therefore is focused primarily on need-based awards in alignment with the School’s strategic goals and distributed equitably over all degree programs. Students are offered financial aid to cover the full cost of the program, with Grad PLUS loan offered for graduate students enrolled at least half-time and private loan eligibility for ABSN and Health Informatics Certificate students and graduate students enrolled less than half-time to meet any gap between institutional/federal resources and total cost of attendance.

The Financial Aid Director works with the Financial Aid Counselors to develop the packaging philosophy and guidelines. The Financial Aid office works in conjunction with the Business Office, Office of Admission and Student Services, and Program Directors to develop policies and procedures related to institutional scholarship awarding. The Associate Dean for Finance and Administration has oversight of all financial aid policies and procedures to ensure they are aligned with the school’s mission.

For need-based scholarships, the student’s FAFSA Expected Family Contribution and academic plan (specialty program of study) are used to determine demonstrated need and ultimately eligibility for the scholarship. All financial aid applicants are considered for need-based scholarship, with no supplemental application required. Scholarship awarding is automated through the PeopleSoft packaging plans and awards are for a fixed amount and number of semesters, based on the students program of study and any applicable transfer credits.

Packaging guidelines and philosophies are evaluated by the Financial Aid Director on an annual basis. Need-based scholarship criteria are reviewed by the Financial Aid and Business offices on an annual basis to ensure awarding equity,
alignment with institutional goals, and to meet budgetary considerations. Changes to the scholarship award amounts and criteria are sent to the Associate Dean, Finance and Administration for final approval. Merit-based scholarship awarding procedures are reviewed at least annually, and often prior to the beginning of each application cycle (or twice a year).

Available Funds & Number of Eligible Students
The Business office and Financial Aid office work together to develop the eligibility criteria and award amounts for the need-based scholarship, with approval going through the Associate Dean, Finance and Administration. The Business office is responsible for institutional fund management, and communicates the specific fund award information to the Financial Aid office.

The DUSON Business Office oversees the institutional and HRSA grant funds and works with the DUSON Financial Aid office in the awarding procedure. Please see the Scholarships Award Manual, overseen by the Financial Management Analyst in the Business Office, for further details regarding this process.

We are notified of our Perkins allocation on an annual basis from the Assistant Vice Provost and Director of Undergraduate Financial Aid. Perkins loans are awarded to ABSN and CRNA students with an EFC below $3000 and to MSN and DNP students with an EFC below $1000 on a first-come, first-served basis. Standard award amount is $1500/semester. Because the program is being phased out in September 2015, new spring students are not eligible for funding. Returning ABSN students must have received a Perkins loan disbursement the prior year as well to be eligible for funding. Returning graduate student Perkins awards will be made on a case-by-case basis.

Priority financial aid deadlines are identified for each new-student cohort group and for returning students and are used for priority Perkins fund packaging.

Queries are utilized by the Financial Aid staff to monitor spending and accordance with fiscal limits and to ensure equitable distribution of awards (keeping in mind the philosophy of priority based on EFC and FAFSA submission date).

The Perkins loan is the only campus-based program awarded by the DUSON financial aid office. No Administrative Cost Allowance is utilized out of our allocation — the full allocation is awarded to students.

Packaging Groups
Need-based scholarships are awarded based on expected family contribution (EFC) and academic plan. The EFC criteria and award amounts vary based on the following groups: 1. ABSN, 2. MSN (including post-Bachelor’s DNP), 3. Nurse Anesthesia and DNP.

Scholarships are awarded for a fixed amount per semester for a set number of semesters. The standard number of semesters is 4 for ABSN students, 6 for MSN and post-Master’s DNP students, 7 for CRNA Master’s students, 9 for Nurse Anesthesia-DNP students and 12 for post-Bachelor’s DNP students, unless the student has transfer credits or has already completed some courses toward the degree. In those cases, the number of semesters will be prorated accordingly.

Certificate and non-degree students are not eligible for DUSON need-based scholarships.

Package Construction
Student files are reviewed upon receipt of a FAFSA and DUSON financial aid application. For ABSN, CRNA, and post-Master’s DNP students, standard budgets are built based on cohort and the expected courses taken through the standard matriculation plan. For Certificate, non-CRNA Master’s, and post-Bachelor’s DNP students, an average tuition rate is used in the budget and to determine financial aid eligibility.

Students selected for verification are contacted regarding supplemental information needed before a financial aid award may be finalized.
The DUSON financial aid packaging policy is to offer assistance up to the total cost of attendance, so there is not any gap. Cost of attendance is defined as tuition and fees plus a standard allocation for books and living expenses.

Outside resources are considered first, then institutional scholarships/grants, followed by federal loans (Perkins, then subsidized Stafford, then unsubsidized Stafford, then Grad/PLUS). If scholarship, grants, and federal loans do not cover the total cost of attendance or if the student is not eligible for federal aid, the remaining gap is packaged with “additional loan eligibility,” denoting the maximum amount a student may borrow in a private loan.

Priority deadlines exist for Perkins loans, as there is limited funding available from this source. Deadlines exist for ANP/FNP scholarship consideration. For need-based scholarship consideration, we must have received a FAFSA and DUSON financial aid application by drop/add of the first semester of enrollment.

Federal methodology is used, and the cost of attendance minus EFC equals federal need. Any outside resources and scholarships are applied toward that need, and subsidized Stafford loan is awarded up to that need or up to annual limits (whichever is smaller). Perkins loan is awarded based on the EFC and program criteria outlined earlier, having federal need, and availability of funding.

The Financial Aid Director or Financial Aid Counselor runs ready list queries to determine who is ready to package. The query for first-year students looks for students who are admitted or matriculated, by degree (i.e. R-BSN, R-MSN, R-DNP) and admit term, who have completed a FAFSA. This list is saved on the Financial Aid share drive and communicated to the Financial Aid counselors. The query for returning students includes the specific academic program and academic plan information.

Financial Aid counselors verify receipt of financial aid application and review information in PeopleSoft. If the student is selected for verification or if additional information is needed, the counselor emails the student. If the file is complete, the counselor reviews the FAFSA and application.

FAFSA information is used to verify eligibility for federal aid, and federal loan annual fiscal limits are monitored automatically. ABSN Stafford limits are based on dependent students. Outside scholarships or tuition benefits are manually awarded, as are need-based scholarship (if eligible) or Nurse Faculty Loan (if requested). The appropriate packaging plan is then selected for automated awarding of loan funds.

The packaging plans used by the DUSON financial aid office are listed below. The packaging plans award need-based scholarship and Perkins funds first (if eligible), then subsidized Stafford (eligible ABSN and Health Informatics Certificate students only), then unsubsidized Stafford, then Grad/Plus loans (for graduate students) or private loan eligibility (for ABSN and Health Informatics Certificate students or graduate students enrolled less than half-time).

**ABSN Student Packaging Plans:**
- **NBSN-FSP**  NBSN-Fall, Spring (Returning Spring cohort students)
- **NBSN-FALL2**  NBSN-Fall Only (Returning Fall cohort students)
- **NBSN_1ST**  NBSN-1st Year FL, SPR, SMR (First year Fall cohort students)
- **NBSN_SP_SM**  NBSN-1st Yr SPR & SMR (First year Spring cohort students)

**Graduate Student Packaging Plans:**
- **NRS_ALL**  Nursing - Fall, Spring& Summer (all students enrolled all three terms)
- **NRS_FALL**  Nursing - Fall Only (all students enrolled only for Fall)
- **NRS_FL_SPR**  Nursing - Fall & Spring (all students enrolled only Fall and Spring, not Summer)
- **NRS_SPRING**  Nursing - Spring Only (all students enrolled only for Spring)
- **NRS_SPR_SM**  Nursing - Spring & Summer (all students enrolled only Spring and Summer, not Fall)
- **NRS_SUMMER**  Nursing - Summer Only (all students enrolled only for Summer)
We have an automated process that runs weekly in PeopleSoft to assign and send an initial financial aid award notification email to students. For matriculated students, the award information is also available for view on ACES, and an automated process runs weekly to provide matriculated students who have been awarded financial aid with access to the financial aid award information on ACES. For new students, financial aid award information will be available through Applicant Self Service once a student is admitted and the financial aid award is complete.

Packaging Other Educational Resources
Outside scholarships and grants are considered as a resource against federal need and cost of attendance. Students are asked to report other resources through the DUSON Financial Aid Application survey and through ACES. Chapter 33/VA benefits and Nurse Faculty Loan are applied toward the cost of attendance, but are not considered against federal need. External award and overaward queries help us monitor and ensure compliance against overawards and overpayments.

Health & Human Services Program Grants & Loans
DUSON periodically receives federal grant funds specifically for nursing students. A faculty member is the principal on the grant, and the Business office oversees the fund management for the grant. Students are identified through a PeopleSoft and/or Admissions query based on criteria for the grant, and specific application or supplemental materials may be requested. Notification of the award is communicated through the Financial Aid office, in conjunction with the faculty member and Business office.

Employer-Provided Educational Assistance
On our DUSON Financial Aid application survey, we ask students if they are receiving employer tuition assistance. We account for any tuition assistance in the financial aid award by listing it as Duke Tuition Benefit or Tuition Benefit-non Duke. Tuition benefits may factor into need-based scholarship eligibility and award amounts as well.

For Duke University Health System’s RNTAP program, our Business office receives notification from the Office of Special Programs in DUHS Nursing Administration regarding eligibility each semester and forwards this to the Financial Aid office. These funds disburse to the student’s Bursar account, and a placeholder item type named RNTAP is added to the student award to account for this resource.

Summer Awards
Summer is a standard semester at the School of Nursing. Therefore, packaging guidelines and availability of funds is the same in the summer semester as it is for fall and spring semesters — there is not a distinction or preference. Summer semester is considered a trailer, so summer 2015 is part of the 2014-15 academic year and summer 2016 is part of the 2015-16 academic year.

Standard living, transportation, books, and personal allowances are the same for fall, spring, and summer semesters, as enrollment is expected for all three semesters/year round. Summer aid is packaged up front at the same time as fall and spring aid.

Award Package Notification
All students receive a Financial Aid Notification (FAN) generated through an automated PeopleSoft CommGen process and emailed to the student. The award letter includes: cost of attendance, breakdown of individual aid awarded by term and source (including a separate listing for subsidized Stafford and unsubsidized Stafford), and financial aid office contact information (address, phone number, fax number, email address, website). Information is included regarding the process for receiving loans, namely that they must be accepted through ACES and the required paperwork for approval and disbursement. Additional information is added regarding the private loan process for NBSN career students and regarding the Grad PLUS loan process for NURS career students.

All active, matriculated students can also view the financial aid information on ACES. This lists the aid by individual source, specific cost of attendance, and award amount broken down by term. Award messages are included, describing federal and state grant sources and links to federal loan requirements.
Students receiving need-based scholarship are emailed through an automated PeopleSoft CommGen process and may also view the scholarship notification email on ACES once they have matriculated. They are prompted to review the restrictions and conditions of the scholarship online and indicate within ACES when they have completed this review, as well as responded regarding whether personal information may be shared with our Development office and donors.

Other scholarship notifications are made by email or hard copy letter, and including any specific terms and restrictions for the scholarship fund.

**Packaging Appeals**

Students may submit documentation for appeals based on change to financial income, such as involuntary loss of employment by the student or spouse (or parent, for dependent ABSN students), or based on additional cost of attendance, such as child care or computer expenses.

Appeals are reviewed by the Financial Aid Counselor, with additional review by the Financial Aid Director as needed. Appeals resulting in a lower EFC may impact need-based scholarship eligibility ONLY if materials are submitted with the initial financial aid application. Need-based scholarship eligibility is determined in the first semester and automatically renewed; there is not an appeal/review process after that.

Appeals to cost of attendance would increase maximum Grad/PLUS or private loan eligibility. Appeals to income or other FAFSA data elements may not change aid eligibility.

The outcome of the appeal and additional aid eligibility (if applicable) is communicated to the student by email and through an adjustment to the financial aid award, if applicable. A revision email would be sent to the student with instructions to view the information on ACES.

The appeal process is as follows:

1. Request for appeal is communicated to the Financial Aid office.
2. Financial Aid Counselor emails the student the Appeal Form to complete and return with appropriate supporting documentation.
3. Completed appeal is reviewed by student’s Financial Aid Counselor and/or Financial Aid Director.
4. Any applicable changes to FAFSA, cost of attendance, and/or financial aid award are made by the Counselor or Director.
5. Professional judgment is documented in PeopleSoft.
6. Student is emailed regarding the result of the appeal.

**Award Package Revisions**

The Financial Aid Director runs queries after drop/add of each semester to determine changes to enrollment/tuition charges for cohort groups (ABSN, CRNA, post-Master’s DNP). The Financial Aid Counselor updates student budgets and revises financial aid awards as needed.

The Financial Aid Director runs overaward queries weekly to determine overawards and overpayments. Financial Aid Counselor reviews the award and makes the necessary adjustments.

For changes in tuition, Nurse Faculty Loan is revised first, if applicable. Loan reductions are made in the following order: private (ABSN and Health Informatics Certificate students) or Grad/PLUS (graduate students), unsubsidized Stafford, Perkins, subsidized Stafford.

Overaward and tuition compare queries are also run at the end of the fiscal year as a final clean up. Revisions are made as quickly as possible after the query is run (typically the same day). The student is emailed notification of the change and referred to ACES for specific award details.

**Overawards & Overpayments**
The Financial Aid office runs queries on a weekly basis to check for students who are currently overawarded. The overaward is typically due to a student reducing the number of credit hours of enrollment (for cohort programs), receipt of a subsequent FAFSA, or receiving a scholarship or other resource.

An adjustment is made to the student’s financial aid award, reducing private or Grad/PLUS loans first, then unsubsidized Stafford, then Perkins loan, then subsidized Stafford. If possible, the overaward is resolved by reducing future loan disbursements.

If the additional resource must be applied toward tuition only, other funds that are specific to tuition (such as need-based scholarship and Nurse Faculty Loan Funds) may need to be reduced first.

Before returning funds already disbursed and creating a balance on the student account, we will review the budget to determine if there are additional expenses that warrant an increase to the Cost of Attendance. If loan disbursements have already been made and funds must be returned, the Student Loan office is notified of the funds that need to be returned.

The student is emailed regarding the change to the award and the reason.

SECTION 10: PROFESSIONAL JUDGMENT
Students may submit documentation for professional judgment based on change to financial income, such as involuntary loss of employment by the student or a spouse (or parent, for dependent ABSN students), or based on additional cost of attendance, such as child care or computer expenses.

Professional judgments are reviewed by the Financial Aid Counselor, with additional review by the Financial Aid Director as needed. Professional judgments resulting in a lower EFC may impact need-based scholarship eligibility ONLY if materials are submitted with initial financial aid application.

Professional judgment requests to budget items would increase maximum Grad/PLUS or private loan eligibility. Professional judgment requests may result in no change in aid eligibility.

Professional judgment decisions are noted in PeopleSoft and emailed to the student. A revision email would be sent to the student if applicable, directing the student to view the information on ACES.

The professional judgment process is as follows:

1. Request for professional judgment is communicated to the Financial Aid office.
2. Professional judgment form is emailed to the student requesting additional information and documentation required.
3. Professional judgment request is reviewed by student’s Financial Aid Counselor and/or Financial Aid Director.
4. Any applicable changes to FAFSA, cost of attendance, and/or financial aid award are made by the Counselor or Director.
5. Professional Judgment is documented in PeopleSoft.
6. Student is emailed regarding the result of the appeal.

SECTION 11: DISBURSEMENTS
Financial aid disburses to the student’s account no sooner than 10 days prior to the start of classes. Awards made during the semester disburse overnight through an automated PeopleSoft process. For information regarding loan disbursement policies and procedures, please refer to the Student Loan office.

SECTION 12: SATISFACTORY ACADEMIC PROGRESS
New Federal regulations that went into effect July 1, 2011, require that DUSON establish and implement a policy to measure whether students applying for and/or receiving financial aid are making satisfactory academic progress (SAP) towards a degree. This regulation applies to all students applying for aid, whether or not financial aid has been
previously received. Satisfactory Academic Progress (SAP) is the successful completion of degree requirements according to established increments that lead to awarding the degree within published time limits. There are three measurements that are used to determine eligibility: Credit Hour Requirement, Grade Point Average and Maximum Time Frame. Not meeting these requirements may result in loss of all financial aid.

**Monitoring of Academic Progress**

Students' progress will be reviewed after grades are finalized at the end of each semester (fall, spring, summer). A determination of eligibility to receive financial aid for subsequent enrollment periods will be made at this time. Although DUSON will send a notification to the student, the student is fully responsible for monitoring their own academic progress as it relates to financial aid eligibility. The student should review their grades on an on-going basis and compare it to the standards set forth in this SAP policy to determine if they are meeting (or failing to meet) the established criteria. The SAP policy for Title IV aid recipients is aligned with the School’s academic policy, and more information regarding academic policy may be found in each program’s handbook.

Evaluations will be completed in a timely manner; however, the next term may be in progress at the time we are able to notify students of their ineligibility. Should the student be concerned that they may not have met the requirements, they may contact the DUSON Financial Aid Office. Students will be notified via their Duke e-mail account if they have failed the measurement. Students may appeal the decision. The appeal form and directions are located on our website.

There are three parts to the measurement and they are detailed by program below.

**ABSN Students:**

1. **Qualitative:** Students must maintain a minimum GPA of 2.0 on a 4.0 scale.
2. **Quantitative:** Students must complete at least 67% of the credits attempted. Failing or incomplete grades will not be counted as successful completion. Only an incomplete that has been changed to a passing grade can be added to the number of hours completed for the semester of the original registration. It is the student’s responsibility to notify the Financial Aid Office once an incomplete grade has been changed to a valid grade. Transfer credits and repeated coursework will be included in the number of credits attempted and the number of credits completed.
3. **Maximum Timeframe:** Students must complete the required course work within 87 credit hours, which is 150% of the published program length.

**Graduate Students:**

1. **Qualitative:** Students must maintain a minimum GPA of 2.7 on a 4.0 scale.
2. **Quantitative:** Students must complete at least 67% of the credits attempted. Failing or incomplete grades will not be counted as successful completion. Only an incomplete that has been changed to a passing grade can be added to the number of hours completed for the semester of the original registration. It is the student’s responsibility to notify the Financial Aid Office once an incomplete grade has been changed to a valid grade. Transfer credits and repeated coursework will be included in the number of credits attempted and the number of credits completed.
3. **Maximum Timeframe:** Students must complete the required course work within the time periods specified below:
   - Master’s and Post-Master’s Certificate Students – 5 years from matriculation
   - Post-Bachelor’s DNP Students – 7 years from matriculation
   - Post-Master’s DNP Students – 5 years from matriculation

**SAP Warning**

Students who fail to meet the Qualitative or Quantitative guidelines at the end of the semester/payment period of review are automatically placed on financial aid warning status for one semester and notified of this status. The student continues to receive federal financial aid for this semester. If at the end of the semester/payment period, the student is now meeting all Satisfactory Academic Progress standards, the warning status is removed and the student is now in good standing.
SAP Probation and Appeal Process

Students who are on a Warning status and do not meet all of the Satisfactory Academic Progress standards at the end of the next semester/payment period of review lose federal financial aid eligibility until they are making progress in all categories (see Regaining Financial Aid Eligibility section below). Students who lose eligibility for financial aid may appeal the decision by following the procedures outlined below.

Those wishing to submit an SAP appeal must indicate mitigating circumstances that occurred during the course of the semester in question, that could not have been anticipated prior to that period, and that adversely affected their ability to successfully complete their required coursework. To appeal, a student must submit a letter of appeal to the Financial Aid Office. The appeal letter should include the following:

- Mitigating circumstances that prevented the student from meeting the requirements of academic progress (i.e. death in the family, student illness or injury, other personal circumstances). Mitigating circumstances do not include: withdrawing from classes to avoid failing grades, pursuing a second major or degree, etc.
- Documentation that supports the student’s basis for the appeal
- Steps the student has taken/will take to ensure future academic success. This plan should outline the student’s academic goals for each period (e.g. number of credit hours and/or cumulative GPA) that will enable the student to meet the requirements of academic progress at a specified future point in time.
- Anticipated graduation date

In most cases, the SAP Appeals Committee will render a decision within two weeks of receipt of a fully completed appeal. All decisions of the SAP Appeals Committee are final. Notification of the decision will be sent via the student’s Duke e-mail account.

If the SAP appeal is approved, financial aid will be awarded for the next semester on a probation period. An approved Academic Plan may be required as a condition of the appeal. An Academic Plan must be formulated with your advisor. Term and Academic Plans and/or other conditions of appeal approval will be included in the notification letter.

Students who fail to meet the requirements for Satisfactory Academic Progress for their probationary semester or do not complete the requirements of their academic plan (if applicable) will again be ineligible for financial aid and subject to the appeal process. Any subsequent appeal must include information regarding new extenuating circumstances or what has changed since the last appeal.

Students who meet the requirements for academic progress for their probationary semester will resume good standing and again be evaluated at the conclusion of the following semester/payment period.

If the SAP appeal is denied, financial aid will be cancelled. If you have been denied aid please review the section Regaining Financial Aid Eligibility below.

Regaining Financial Aid Eligibility

Students denied financial aid after completing the appeal process or failing to meet their Academic Plan can regain full eligibility for financial aid by:

- Raising their GPA to the qualitative standard outlined above by degree
- Successfully completing coursework that will meet or exceed the minimum required for quantitative standard outlined above by degree
- Students who have reached their maximum time frame are not able to regain eligibility except in the case of a successful appeal of the maximum time frame requirement.

Students who are ineligible to receive financial aid may use one or more of the following payment options while attempting to regain eligibility: student’s own resources, Duke Tuition Management Payment Plan, and/or Alternative/Private Educational Loans. Students who have taken the necessary measures to regain eligibility for financial aid must contact the Financial Aid office immediately upon doing so and apply for Reinstatement of Eligibility. The
student’s academic performance will then be reviewed, and if all required SAP criteria is met, full financial aid eligibility will be reinstated, effective the following semester.

**SECTION 13: RETURN OF TITLE IV FUNDS**

Return of Title IV Funds calculations are approved by and policy is maintained by Undergraduate Financial Aid office. *Changes to federal law may affect this policy.*

**Process Overview & Applicability**

**Steps in Federally Mandated Process**

**Step 1: Determine the withdrawal date.**

If the student officially withdraws, the withdrawal date is the date DUSON determines the student either began the withdrawal process, or the date the student provided official notification to DUSON, in writing or verbally, of his or her intent to withdraw.

If the student does not provide official notification of his or her intent to withdraw, the withdrawal date will be determined as the date DUSON became aware the student was not attending class.

If a student does not return from an approved leave of absence, the withdrawal date is the date DUSON determines the student began the leave of absence. If a student takes a leave of absence that does not meet the requirements of an official leave of absence, the withdrawal date is the date the student began the leave of absence.

**Step 2: Calculate the percentage of enrollment period completed.**

The percentage of enrollment period completed is determined by dividing the total number of calendar days in the enrollment period into the number of calendar days completed in that period as of the withdrawal date. The total number of calendar days in a payment period includes all days (including weekends) within the period. Scheduled breaks of at least five consecutive days are excluded from the total number of calendar days in the enrollment period and the number of calendar days completed in that period.

**Step 3: Calculate the amount of Title IV aid earned.**

If the withdrawal date is equal to or greater than 60 percent of the enrollment period (semester), the student has earned 100 percent of the Title IV funding disbursed for that semester. If the withdrawal date is less than 60 percent of the semester, the amount of Title IV funding the student has earned is calculated by using the federally mandated calculation to determine the percentage of Title IV funds that have been earned by the student for that semester. This percentage is then applied to the total amount of Title IV funding that was disbursable for the semester as of the withdrawal date.

**Step 4: Determine the amount of Title IV aid unearned.**

The amount of Title IV funding the student has not earned is calculated by subtracting the amount of Title IV funding the student earned from the total Title IV funding disbursed/or was disbursable.

**Step 5: Allocate unearned aid.** DUSON is required to return the lesser of the total amount of Title IV funds the student has not earned or an amount equal to the charges if the total amount to be returned exceeds the charges incurred by the student. Charges include tuition and fees, and can include other education-related expenses assessed by DUSON. Unearned Title IV funds must be returned within 45 days of the student’s withdrawal.

DUSON will return the student’s unearned Title IV funding on his or her behalf and consider the returned funds as the student’s debt to DUSON. Students must make arrangements with the Bursar’s office for repayment of the debt. Consequences of non-payment include blocks on re-enrollment, transcript and diploma holds, and student account placement with Collections.

Title IV loan amounts to be returned by DUSON will be credited to the appropriate programs in the following order: Unsubsidized Federal Stafford loans, Subsidized Federal Stafford loans, Federal Perkins loans, Federal Grad PLUS or parent PLUS loans received on behalf of the student.
If amounts to be returned remain after repayment of all outstanding loan amounts, the remaining excess must be credited to any amount awarded for the semester for which a return of funds is required in the following order: Federal Pell Grants, Federal Academic Competitiveness Grants (ACG), National Smart Grants, Federal SEOG Grants, other grant or loan assistance authorized by Title IV of the Higher Education Act. Federal Work Study is excluded from this policy.

Step 7: Communication of return of funds. Undergraduate students for which a portion of Title IV aid must be returned will receive a communication from the Financial Aid Office sent to their Duke e-mail address indicating an adjustment has been made and funds have been returned on the student’s behalf. This communication further instructs any resulting balances on the student account must be paid by the student and arrangements for payment must be made directly with Duke’s Bursar.

**Withdrawal Date**

*Policies*

The withdrawal date is determined by the student’s academic dean and is the date the student began the withdrawal process, or the date the student provided official notification to their academic dean, in writing or verbally, of his or her intent to withdraw.

If the student does not provide official notification of his or her intent to withdraw, the withdrawal date will be determined as the date the academic dean became aware the student was not attending class.

If a student does not return from an approved leave of absence, the withdrawal date is the date the academic dean determines the student began the leave of absence. If a student takes a leave of absence that does not meet the requirements of an official leave of absence, the withdrawal date is the date the student began the leave of absence.

Students wishing to return from a leave of absence must receive approval from their academic dean.

*Procedures*

Academic deans provide withdrawal dates to the Registrar and an official attrition notice is originated and emailed to appropriate departments.

**Formula Calculation**

*Policies*

Upon receipt of an attrition notice from the Registrar, the Financial Aid Office performs a return of Title IV funds calculation using the web based application provided by CPS Online:  

The period used for the calculation is “Payment Period,” as all Nursing programs are standard credit hour programs.

The school calendar is determined by:

1. Calculating the days in the particular term/semester, from the first day of classes to the last day of finals.
2. Weekend days are included in the total number of days.
3. Breaks of five or more days are excluded.
4. When counting the number of days attended, the date of withdrawal is counted as a day attended.

Institutional costs are used to determine the amount of refund due from the school versus the student but do not change the amount of aid earned by the student. These costs refer to the original amounts charged to the student for educational expenses for the term of withdrawal and not pro-rated amounts used by the University based on the date of withdrawal. Required fees are included. Health insurance charged through the University can be included, but parking permits, parking tickets, flex account deposits, and similar non-academic expenses are not included.

Aid disbursed or aid that could have been disbursed is determined by:

1. Counting the aid accepted for the term/semester in question only.
2. Aid that could have been disbursed refers to aid accepted by the student and for which all paperwork/application materials and federal verification have been completed by the student.
3. If loan fees are taken out, the net amount disbursed or that could have been disbursed is used.

**Procedures**
The attrition notice is received by the financial aid counselor. The counselor performs the Return to Title IV calculation on the web. The counselor saves a copy of the attrition notice to “Comments” in PeopleSoft. The calculation is then sent to the Undergraduate Financial Aid Office for review. Once the calculation has been approved, the counselor adjusts the student’s aid according to the calculation and notifies the Student Loan Office to return any loan funding within 45 days of the date of student withdrawal. An email is also sent to Duke’s Bursar to notify them of the adjustments made to student aid.

Once the calculation has been completed, a .pdf copy of the calculation and an electronic copy of the attrition notice are maintained on the shared drive.

**Post-Withdrawal Disbursements**

**Policies**
If an amount of Title IV aid a student has earned is greater than the amount of Title IV aid that has been disbursed, the difference is treated as a post-withdrawal disbursement to the student. Any post-withdrawal disbursement must be made within 180 days of the date the institution determines that the student withdrew.

If aid for which all requirements (paperwork/application materials and federal verification) have been satisfied is disbursed to the student account 10 days prior to the start of classes. Refunds of applicable aid are provided to the student immediately after the drop/add date for each semester.

**Procedures**
If a student has undisbursed aid for which all requirements have been satisfied, a Return to Title IV calculation must be performed to ensure that funds for which a student was eligible and had earned at the time of withdrawal but had not been disbursed are offered as a post-withdrawal disbursement. The institution must disburse any amount of a post-withdrawal disbursement of grant funds that is not credited to the student’s account as soon as possible but no later than 180 days after the date it is determined the student withdrew. A post-withdrawal disbursement of Title IV grants does not require permission from the student.

Written notification will be sent to the student or parent (for parent PLUS loans) within thirty (30) days of the date it is determined that the student withdrew and confirmation received before making any post-withdrawal disbursement of loan funds. The notification will include:

1. A request for confirmation
2. A confirmation deadline of fourteen (14) days or more
3. The type and amount of the loan funds it wishes to credit to the student’s account or disburse directly
4. An option to accept or decline the post-withdrawal disbursement
5. A notice of obligation to repay loan funds
6. A notice the student or parent may not receive as a direct disbursement loan funds that the institution wishes to credit to the student’s account unless the institution agrees to do so

A post-withdrawal disbursement must be made from available grant funds before available loan funds.

**Returning Unearned Funds**

**Policies**
The amount of Title IV funds the student has not earned is calculated by subtracting the amount of Title IV funds the student earned from the total Title IV funding disbursed/or was disbursable.
Unearned Title IV funds must be returned to the applicable Title IV program within 45 days of the date of the students’ withdrawal. If the amount earned is greater than the amount that has been disbursed, the difference is treated as a post-withdrawal disbursement to the student. Unearned funds are returned to the Title IV programs within 45 days of the student’s withdrawal by DUSON’s Financial Aid Office and Student Loan Office on behalf of the student and consider the returned funds as the student’s debt to Duke.

**Procedures**

Students are notified via their Duke e-mail account that, as a result of withdrawal and pursuant to the Return to Title IV calculation, adjustments have been made to their aid package which may create a balance on the student account. Students must make arrangements with the Bursar’s office for repayment of the debt if returned funds create an account balance.

Unearned Title IV funds are returned to the Title IV programs in the following order:

1. Unsubsidized Federal Stafford Loans
2. Subsidized Federal Stafford Loans
3. Federal Perkins loans
4. Federal Grad PLUS/Parent PLUS loans

**SECTION 14: INSTITUTIONAL REFUNDS**

Institutional refund policies are outlined in the DUSON School Bulletin. Tuition adjustments are made based on the following unless otherwise specified on the withdrawal notice:

Tuition charges will be prorated based on the date of withdrawal as follows:

<table>
<thead>
<tr>
<th>Date of withdrawal</th>
<th>Percentage of tuition charged</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before classes</td>
<td>0%</td>
</tr>
<tr>
<td>1st-2nd week</td>
<td>20%</td>
</tr>
<tr>
<td>3rd-5th week</td>
<td>40%</td>
</tr>
<tr>
<td>6th week</td>
<td>80%</td>
</tr>
<tr>
<td>After 6th week</td>
<td>100%</td>
</tr>
</tbody>
</table>

**SECTION 15: TITLE IV FRAUD**

**Student Fraud**

In reviewing reports, appeals, or in other secondary review of files [see Section 7: File Review for more information], discrepancies may arise. Discrepancies in student application materials [i.e. income, citizenship, name, SSN, signatures] must be investigated and resolved. To do so, the Financial Aid office will contact the student to request additional information and documentation. If, in the Financial Aid Counselor’s judgment, there has been intentional misrepresentation, false statements, or alteration of documents which have resulted or could result in the awarding or disbursement of funds for which the student is not eligible, the case shall be referred to the Director of Financial Aid for possible disciplinary action.

The Director of Financial Aid reviews the student’s aid file with the Financial Aid Counselor and if the decision is made by the Director to pursue the possibility of denying or canceling financial aid, the Director will contact the student to set up an appointment. If the student does not make an appointment, the Director may:
1. Not process a financial aid application until the situation is resolved satisfactorily
2. Not award financial aid
3. Cancel financial aid
4. Determine that financial aid will not be processed for future years

Students and parents who willfully submit fraudulent information will be investigated to the furthest extent possible. All cases of fraud and abuse will be reported to the proper authorities. After investigating the situation, if the Director believes there is a fraudulent situation, he/she will refer all information to the Department of Education’s (ED’s) Office of Inspector General (OIG). The student may also be referred to the DUSON judicial process.

**Institutional and Third-Party Fraud**
Duke University's compliance policy, including how reports of suspected fraud are handled, may be found through Human Resources: [http://www.hr.duke.edu/policies/expectations/compliance/index.php](http://www.hr.duke.edu/policies/expectations/compliance/index.php).

Under the American Recovery and Reinvestment Act of 2009 (ARRA), nonfederal employees who report waste, fraud or abuse connected to the use of ARRA funds may not be discharged, demoted or otherwise discriminated against because of his or her disclosure.

**SECTION 16: AUDITS**
All audit policies and procedures are maintained by the [Undergraduate Financial Aid office](http://www.hr.duke.edu/policies/expectations/compliance/index.php).
