### Group Discount

There is a \$20 per person discount off of the registration fees for the "General Public" registration category, if three (or more) people from the same organization register for the 8th National Conference on Radical Transformation in Health Professions Education. To qualify for this discount, you must have all participants register as a group, by selecting the "Add Another Registrant" button on the last page. Once all participants have been registered, you will automatically see the discount added to your order and you will then be able to pay online. This discount applies only to the "General Public" registration category and will be valid only if all participants are from the same organization. Note: This discount does not apply to "Primary Presenter" or "DUSON" categories.
