

Financial Aid Office Policy and Procedures Manual

Revised: August 2022

School of Nursing Financial Aid Office Staff:

Cecil Outlaw

Assistant Director, Students A-H

1152 Pearson

Susie Watson

Senior Financial Aid Counselor, Students I-Z

1151 Pearson

Jill Cordell

Senior Director, Financial Aid & Institutional Research

3148 Pearson

Duke School of Nursing Financial Aid Office

DUMC Box 3322, 307 Trent Drive

Durham, NC 27710

Phone: 919.684.9663

Email: son_finaid@dm.duke.edu

<http://nursing.duke.edu>

Office location: 1150 Pearson Building, 307 Trent Drive

Phone and office hours: Monday – Friday, 8:30am – 4:30pm

Duke does not issue incentive pay of any kind to admissions or financial aid personnel. Staff are paid on a salaried or hourly basis based on monthly time-card submissions for time worked based on the FLSA standards and University Pay Structures and Processes.

DUSON Mission Statement

The mission of the Duke University School of Nursing (DUSON) is to create a center of excellence for the advancement of nursing science, the promotion of clinical scholarship, and the education of clinical leaders, advanced practitioners and researchers. Through nursing research, education, and practice, students and faculty seek to enhance the quality of life for people of all cultures, economic levels and geographic locations.

The DUSON Financial Aid Office strives for the same excellence through a high level of customer service. We make financial assistance available to accepted students who due to economic circumstances could not otherwise attend. Financial assistance for nursing students is available in the form of scholarships, grants, traineeships, loans, and loan repayment programs to eligible U.S. citizens. Private loans are available to international students with a U.S. cosigner.

SECTION 1: OVERVIEW

DUSON Financial Aid Policies and Procedures

The DUSON Financial Aid Director is responsible for developing policies and procedures related to financial aid for the school. For policies related to merit scholarships, the Director works in conjunction with DUSON faculty chair of the selection committee for that program. For need-based scholarships, the Director and Business office collaborate regarding policies and procedures, with approval going through the Associate Dean, Finance and Administration.

Updated policies and procedures are communicated through the Financial Aid section of the DUSON website. New policies or changes may also be communicated through the weekly DUSON communications email, emails directly to students, faculty, or staff, or to OASS staff or DUSON academic program staff to be communicated on to students and faculty, respectively.

Federal Financial Aid Updates

The DUSON Financial Aid office keeps abreast of federal regulations through a variety of resources. This includes the Federal Student Financial Aid Handbook, Dear Colleague Letters, NASFAA newsletters, IFAP website, webinars, and monthly Graduate and Professional meetings led by the Assistant Vice Provost and Director, Financial Aid.

The following operating policies are designed to assure that the Financial Aid Office is effective in carrying out its responsibilities:

1. All students must apply for need-based financial assistance by submitting the FAFSA to the DUSON Financial Aid Office (School Code 002920).
2. All financial assistance available to DUSON students shall be administered through the Financial Aid Office. The selection of students to receive certain designated scholarships shall be submitted by the responsible department to the Financial Aid Office for processing. Outside student resources received by other offices (such as the Bursar's Office or paid directly to the student) must be reported to the Financial Aid Office.
3. The Financial Aid Office shall maintain adequate records to ensure proper administration of aid funds. This includes ensuring that aid given is not in excess of need and/or the cost of attendance and that aggregate awards do not exceed total expenditures of funds under each program.
4. Selection of students to receive financial aid will be made without regard to age, sex, race, color, religion, sexual orientation, national origin, disability, or marital status.
5. Priority consideration for returning student aid is given to students whose files are complete by May 1st.
6. All students applying for aid are required to apply annually for federal assistance.

SECTION 2: ADMINISTRATIVE ORGANIZATION OF THE FINANCIAL AID OFFICE

Division of Responsibility between Financial Aid and Fiscal Offices

There exists a clear and separate division of responsibility for the administration of financial aid programs which are divided between the FAO, the DUSON Business Office, Student Loan Office and the Bursar/Cashier's Office. In order to maintain this division, each office is accountable for the following responsibilities.

The DUSON Financial Aid Office is responsible for the following:

- Collect supporting documentation for the determination of aid eligibility
- Determine student eligibility for financial assistance
- Award federal aid in compliance with laws, regulations, and policies
- Notify students of aid eligibility (loans and scholarships/grants)
- Review annually the need-based scholarship methodology
- Compile and complete financial aid institutional, state, and federal reports

The DUSON Business Office is responsible for the following:

- Administer federal grant and traineeship programs
- Compile and complete all federal grant funding reports
- Prepare a master list of scholarships awarded for the current year and update as appropriate
- Fund Management

The Duke Bursar's office is responsible for the following:

- Maintain and disburse accurate bills
- Collect payments for student accounts
- Disburse funds to students

- Report outside scholarships received to the FAO

The Duke Student Loan Office is responsible for the following:

- Process school loan certification
- Process Electronic Funds Transfers to the student accounts
- Administer the Nurse Faculty Loan Program
- Administer the Direct Loan Program

A complete organization chart for the Duke University School of Nursing is available on the DUSON intranet or by request.

Financial Aid Office Operations

The Financial Aid Office is open and available to service students from 8:30 am - 4:30 pm Monday through Friday. General financial aid information is available within the Financial Aid section of the School of Nursing website: <http://nursing.duke.edu>. General financial aid application information is routed to the Financial Aid Counselor. Emails are responded to within 24 hours.

Phone calls are answered in a friendly and professional manner (i.e., School of Nursing Financial Aid Office. May I help you?). All Financial Aid staff log in and are available through the main financial aid phone number. Students are directed to their Financial Aid Counselor if available, and automatically routed to the next available Financial Aid staff if that person is not available. Every attempt is made to return calls the same business day, and no later than the next business day.

Students are not required to make appointments to meet with Financial Aid Staff. However, students wishing to make an appointment can contact the DUSON Financial Aid Office directly by phone: 919.684.9663 or email: son_finaid@dm.duke.edu.

The job descriptions for each position in the Financial Aid Office are available on the Faculty/Staff page of the DUSON website. The personnel policies of staff members are outlined in the Duke University Staff Handbook, which is distributed to employees. Performance evaluations are conducted on an annual basis. The PEP evaluation form provided by Duke Human Resources is used for FAO employees. Forms must be completed by immediate supervisors.

DUSON Financial Aid staff meetings are called at the discretion of the Financial Aid Director.

Records Management

All records and conversations between an aid applicant, his/her family and the staff of the FAO are confidential and entitled to the protection ordinarily given a counseling relationship. DUSON assures the confidentiality of student educational records in accordance with institutional, state, and federal laws including the Family Educational Rights and Privacy Act (FERPA) of 1974. More information regarding FERPA, including what is and is not considered directory information, is available through the [Office of the University Registrar](#).

The FAO maintains all financial aid information electronically. Official financial aid offer information, including the financial aid offer letter communication, as well as a checklist of items received and any relevant comments, are kept in PeopleSoft. Any relevant documents are stored in PerceptiveContent. The FAO also pulls additional financial aid information from the Admissions application, and those reports are stored in the Financial Aid shared drive.

2022 Financial Aid Calendar

DUSON Academic calendar information may be found at: <https://nursing.duke.edu/student-resources/academic-calendar>

JANUARY

Forms and deadlines updated on the website for 2022-23

FEBRUARY

- 1 – ABSN fall 2022 Profile and FAFSA deadline
- 8 – ABSN fall 2022 IDOC deadline
- 26 - Tuition voted on by the Board of Trustees
- 26 – ABSN Fall 2022 students admitted
- 2022-23 cost of attendance budget reviewed and established (including average tuition and loan fees)
- 2022-23 budgets sent to SISS office to be added to PeopleSoft
- 2022-23 FANS and packaging plan updates to SISS
- Update prompts for 3C Engine assignment if needed (check date range within CommGen set up as well)

MARCH

- 2022-23 packaging begins for new fall ABSN 2022 students

APRIL

- 7 – Fall 2022 MSN and DNP students admitted
- Begin emailing FA guides through CommGen
- 2022-23 packaging begins for new fall 2022 graduate students

MAY

- 1 - FAFSA Priority Filing Date for returning students

JUNE

- 1 – ABSN Spring 2023 FAFSA and Profile deadline
- 8 – ABSN Spring 2023 IDOC deadline
- 21 – Fall Bursar bill issued
- 30 – ABSN spring 2023 admissions decisions released
- Update Policy and Procedure Manual

JULY

- 1 - University Scholar announced

AUGUST

- 13 - Fall aid disburses
- 18 – spring 2023 graduate student admissions decisions released

SEPTEMBER

- 2021-22 financial aid annual data reporting

OCTOBER

- NCHED reporting
- Update website for 2023-24

NOVEMBER

DECEMBER

SECTION 3: FINANCIAL AID PROGRAMS

Financial aid programs which are available to students attending DUSON are listed on the Financial Aid section of the School of Nursing website. The DUSON Financial Aid Office awards federal and institutional resources listed below based on the eligibility criteria outlined.

Federal

Federal Grad PLUS Loan
Federal Direct Subsidized Loan
Federal Direct Unsubsidized Loan
Nurse Faculty Loan Program
Federal Nurse Anesthetist Traineeship
ANEW Traineeship

Institutional

DUSON Need-Based Scholarship
DUSON Merit scholarship
University Scholars
North Carolina Community College Faculty Scholarship
Cullman scholarships

Federal

To be eligible to receive Federal assistance, a student must:

1. Be enrolled at least half time (3 credit hours Fall, 3 credit hours Spring, 2 credit hours Summer for Graduate Students; 6 credit hours/semester for ABSN and post-Bachelor's Certificate Students) in an eligible program of study.
2. Be a U.S. citizen, U.S. national, or U.S. permanent resident or reside in the United States for other than a temporary purpose (supportive documentation may be required to verify residency or citizenship status).
3. Maintain satisfactory academic progress in their course of study.
4. Not be in default of any loan or owe a repayment on a Federal Pell Grant, FSEOG, or State Grant.
5. Demonstrate financial need (if applicable).

Federal aid is awarded in accordance with the Department of Education guidelines. Federal loans are awarded after any grants or scholarships, and are applied toward any unmet cost of attendance.

Institutional

All institutional scholarships are awarded prior to the student's first semester and carried throughout the student's DUSON career. These scholarships must be applied toward tuition.

The **University Scholars** program is a highly selective scholarship. All applicants to the school are considered based on their Admissions application. The top three applicants from each degree program (ABSN, MSN, DNP) are selected for nomination. The Program Directors and Associate Dean for Academic Affairs (ADAA) reviews the nominees and the ADAA selects the recipient to represent the School of Nursing.

DUSON Graduate Need-based scholarships are awarded to degree-seeking students who apply for financial aid based on the expected family contribution (EFC) on the FAFSA. Eligibility for graduate student need-based scholarship is based on the FAFSA EFC and the academic program of study and awarded automatically through PeopleSoft as part of the student's financial aid package.

Qualified students receive a fixed award amount divided over six semesters for MSN students, five semesters for DNP students, nine semesters for Nurse Anesthesia students, and eleven semesters for BSN-DNP students. Students with transfer credit or who have already completed required coursework would receive the scholarship for a prorated number of semesters.

ABSN Need-based scholarships are awarded to the neediest newly admitted ABSN students who, in addition to the FAFSA, submit the CSS Profile and required tax documents by the posted deadlines and have the greatest financial need. In addition to the 2020 student federal tax return information, students who are married must include 2020 federal tax information for his/her spouse. Students born on or after January 1, 1987, must also submit parent 2020 federal tax return information. The financial aid office reviews all completed applications and meets to award the scholarships. Only students with the greatest financial need receive scholarships, and the scholarship amounts range from \$10,000-\$60,000 total, divided over the four semesters of the ABSN program.

North Carolina Community College scholarships are automatically awarded at an amount of 15% tuition per semester for eligible admitted students. No separate application is required.

DUSON merit scholarships are awarded to one student per program cohort (Fall 2022: 1-ABSN, 1-MSN, 1-NAP-DNP, 1-Post-Master's DNP; Spring 2023: 1-ABSN, 1-MSN, 1-Post-Master's DNP). Each scholarship is awarded for a fixed amount and number of semesters, and the total amount is equal to approximately 50% of the program's tuition. Students are selected as part of the admissions application process. The Admissions office communicates the merit scholarship through the admissions application portal.

Cullman scholarships are awarded to students participating in an eligible DUSON-sponsored global clinical immersion experience. Students receive a set amount determined by OGACHI, with those participating in programs in the Caribbean or Central America receiving a slightly higher award than those in Asia or Africa, based on the funding preferences of the donor.

Other institutional funds are grant funded and administered in accordance with the terms of the grant. If a separate application is required, that information is communicated by the Financial Aid section of the School of Nursing website. The Financial Aid and Business office work with the appropriate faculty and academic department staff regarding the application requirements, number of awards, and review process. Students are notified of scholarship decisions via email and/or hard copy letter.

SECTION 4: STUDENT LOAN POLICIES AND PROCEDURES

Student loan policies and procedures are created and maintained by Duke's Student Loan office. For more information, please visit their website: <http://financialaid.duke.edu/loans>. For information regarding our Educational Lending Code of Conduct, visit: <https://financialaid.duke.edu/educational-lending-code-conduct>.

SECTION 5: STUDENT CONSUMER INFORMATION

The staff in the Financial Aid Office recognizes that in order to understand the complications of Financial Aid, accurate and timely dissemination of information to consumers is vital. Several policies have been implemented to ensure appropriate dissemination is achieved. The consumer information policies are developed and maintained by the main Duke campus. For more information, please visit: <https://oarc.duke.edu/consumer-information>.

Rights and Responsibilities of Students on Aid

Financial aid recipients should be aware of their rights and responsibilities. These rights and responsibilities of students on financial aid are listed in the following documents:

1. The DUSON Bulletin
2. The Financial Aid Offer Notification
3. The Master Promissory Note

Students have the right to know the:

1. Financial aid programs available at DUSON
2. Application process which must be followed to be considered for aid
3. Criteria used to select recipients and calculate need
4. DUSON refund and repayment policy
5. FAO policies surrounding satisfactory academic progress
6. Special facilities and services available for the handicapped

Students are responsible for:

1. Completing all forms accurately and by the published deadlines
2. Submitting information requested by FAO staff in a timely manner
3. Keeping the FAO informed of any changes in address, name, marital status, financial situation, or any change in student status

4. Reporting to the FAO any additional assistance from non-University sources such as scholarships, loans, fellowships, and educational benefits
5. Notifying the FAO of a change in enrollment status
6. Maintaining satisfactory academic progress
7. Re-applying for aid each year

A description of the fees for attendance is published in the DUSON Bulletin and the DUSON website. An estimated budget for the total cost of attendance is published on the DUSON Financial Aid offer letter and tuition estimates are posted on the DUSON Admissions website. The refund policy is outlined in the DUSON Bulletin and on the DUSON website. A description of the academic programs offered at DUSON is listed in the DUSON Bulletin. Additional information may be obtained from individual departments.

Only information published, provided, or referred by Financial Aid Office staff is valid. Any additional information should be verified with staff from the Financial Aid Office.

Student retention and completion data is gathered by the Registrar's Office.

The Student Disability Access Office provides information and assistance to students with disabilities who are in need of special accommodations. This office should be contacted for additional information.

Information concerning accreditation is listed in the DUSON Bulletin. Additional information may be obtained from the Office of the Dean.

SECTION 6: APPLICATIONS AND FORMS

Application Process

As federal loans are the main resource offered to DUSON students, the FAFSA is the only application requirement for financial aid and the federal EFC is the basis for determining financial need. The Duke School Code is 002920. The federal government now requires the use of prior-prior-year financial information, so the 2020 federal tax information should be used to complete the 2022-23 FAFSA.

A CSS Profile is required for ABSN students wishing to be considered for need-based scholarship, as are relevant student/spouse/parent 2020 federal tax documents. All required tax documents should be submitted through the College Board's IDOC service. Students may opt out of need based scholarship consideration at any time by sending an email to the financial aid office at SON_finaid@dm.duke.edu. For students who wish to take out federal loans ONLY, and not be considered for need-based scholarship funding, only need to complete the FAFSA.

Application links and deadlines are posted on the Financial Aid section of the School of Nursing website. In addition, deadlines are communicated to new ABSN students through a Financial Aid webinar and by email.

The FAFSA and additional application materials (if required) appear on the student's DukeHub as a To Do item until it has been completed.

Additional documents may be requested to complete processing of the aid request. Notifications of these additional required documents are sent to students by email. Below are documents which may be required.

1. Federal Tax Transcript – students selected for federal verification and not able to use the IRS data retrieval must request an official federal tax transcript from the IRS.
2. Verification Worksheet - a document which collects updated information submitted on the FAFSA. Students who are selected for verification must submit a federal verification worksheet by the **last day of classes** of the final semester of enrollment in the academic year. Dependent students must obtain a parent's signature. Independent students must obtain a spouse's signature if applicable. An Aid Administrator may request a Verification Worksheet to resolve conflicting documentation.

3. Citizenship/Residency Verification - a document which collects proof that the student has citizenship status eligible for financial aid purposes. For eligible noncitizens, eligible noncitizen status must be verified by Federal Student Aid through the DHS Systematic for Alien Verification for Entitlements (SAVE) system.
4. Non-Filer Statement – a document which verifies that a student did not file a tax return.
5. Certification of Separation – a document which verifies that a married student is separated and living separately from his/her spouse.
6. Employment Verification - a letter which verifies a student, spouse, or parent's change in employment status. This letter must be written by the current or former employer, whichever is appropriate.
7. Other documents as requested and communication by the Financial Aid Administrator.

Application Review Procedure

New graduate student reports are pulled from the admissions application and saved on the shared drive. The Financial Aid Counselor makes comments in PeopleSoft regarding any outside scholarships, tuition benefits, or other relevant information from this report. College Board materials are available for view through the College Board website and are also loaded by the Undergraduate Financial Aid office through an automated process into PeopleSoft and ImageNow.

The Financial Aid Director, Assistant Director, or Financial Aid Counselor runs a report for students within a specified program and admit term who have been accepted and have a FAFSA. This list is distributed to the Counselors to review and package the students (based on alphabet), with the Director assisting if needed during heavier packaging times. This list of students ready to package is also available within PeopleSoft in the Financial Aid Dashboard.

If students are missing information or if additional information is needed due to Federal Verification selection, the student is emailed notifying him/her of the missing documents, links to forms (if applicable), and where/how to send the information. If the student has made an error on the FAFSA (such as indicating Graduate Student and applying for the ABSN program), the student is instructed to go to <http://www.fafsa.ed.gov> and correct this information.

If student has submitted FAFSA and we did not receive it in our system, the FAFSA record (ISIR) is requested through the Department of Education via FAA Access.

DUSON Forms

As previously mentioned, a graduate student report from the admissions application is used to provide additional information when reviewing a newly admitted student's financial aid eligibility. The report provides information regarding a student's eligibility for Veterans benefits, Duke employee or other tuition benefits, and outside scholarships. It is also used to determine students who are interested in Nurse Faculty Loan funding.

If a student is awarded a DUSON scholarship, they are directed to review the Activity Guide within the DukeHub under the Financial Aid tab. This item appears on their DukeHub To Do list as well.

If a student has extenuating circumstances and is requesting a cost of attendance adjustment or professional judgment, the Financial Aid Counselor emails the student for more information, including what relevant supporting documentation is needed, if applicable. The FAO also has a form available on the shared drive that can be emailed to the student, if applicable.

Forms are reviewed by the Financial Aid office on an annual basis and updated accordingly.

Deadlines

Priority filing deadlines for all students are posted on the DUSON Financial Aid website.

2022-23 FAFSA is available until June 30, 2023. However, FAFSA information and any additional documents required for federal verification or to resolve FAFSA comment codes must be received to the school by the **last day of classes** in your final semester to receive a loan disbursement.

DUSON graduate students must complete the FAFSA prior to their first semester of attendance, for need-based scholarship consideration. For ABSN need-based scholarship applicants, all application materials must be submitted by the priority deadline for scholarship consideration. Late applications will not be reviewed.

Additional school scholarship application and deadlines are posted on the Financial Aid section of the DUSON website.

North Carolina state fund deadlines are posted to CNFC.org (with links from the DUSON financial aid website).

Because institutional funds are limited, scholarship deadlines must be strictly enforced.

Document Assignment, Collection, and Tracking

Financial Aid application information is stored electronically on the Financial Aid shared drive or in Perceptive Content. Relevant communications, special circumstances, or additional information may be added as a PeopleSoft comment. Information submitted by mail or fax are scanned and saved in Perceptive Content. IDOC tax documents are available on the College Board website and loaded into ImageNow. FAFSAs and CSS Profiles are stored electronically in PeopleSoft. PeopleSoft checklists are utilized to track receipt of financial aid application materials.

Students are notified of required documents through the Financial Aid section of the School of Nursing website and through financial aid presentations. A small percentage of students are selected for federal verification and/or require additional information, and the Financial Aid Counselor emails the student to inform him/her of the reason for the request and any required forms or next steps needed by the student. A PeopleSoft checklist is generated through an automated PeopleSoft process when a student is selected for federal verification or when a C flag appears on the FAFSA (such as to confirm citizenship, selective service registration, etc.).

Once additional information is received, it is directed to the appropriate Financial Aid Counselor to finalize the financial aid offer and include the information in the student's electronic file in ImageNow. If the information is incomplete, the student is notified by the Financial Aid Counselor via phone or email.

Once federal verification is completed, the flag indicating verification status is flipped accordingly in PeopleSoft. The Financial Aid Director runs queries periodically for any students with Verification status at Required or Pending and sends to Counselors for review and follow-up. The Undergraduate Financial Aid Office periodically runs verification audit reports and sends to us as well.

When all required documents are received, the student is considered complete and ready to be packaged. The Financial Aid Officer gathers all documentation and creates a student folder for new students and updates previous year files for returning students.

Pre-Award Appeals

Triggers for appeals typically involve involuntary loss of employment by the student or spouse (or parent of a dependent ABSN student), high medical expenses, or child or elder care. Students must provide documentation of the change in income or out-of-pocket expenses by the scholarship deadline for consideration. Note: a student's change in employment due to enrollment in DUSON coursework is not considered as a basis for appeal. The appeal would be reviewed by the Financial Aid Counselor, with additional review by the Financial Aid Director as needed.

Because we have limited scholarship funds available at the school, scholarship decisions are final.

SECTION 7: FILE REVIEW

Verification

Verification is the process of confirming the accuracy of student reported data on financial aid applications. Only a portion of the student population is selected for verification. Students are notified that they are selected for verification

on the FAFSA Student Aid Report (SAR). In addition, the student is notified via email that he/she has been selected for verification.

The DUSON Financial Aid Office verifies only those applicants identified by the Department of Education (DOE) or if there is a discrepancy or a condition which is unusual and warrants investigation. DUSON systematically verifies only those data elements required by the federal government. However, Financial Aid Counselors may request additional information if further investigation is needed to resolve a discrepancy.

The DUSON Financial Aid Office is required to resolve any discrepancies discovered in a student's file, regardless of whether the student is selected for verification. The Financial Aid Counselor will request additional information from the student to resolve the discrepancy.

For students selected for verification, an automated process assigns a PeopleSoft checklist to the student. The Financial Aid Counselor sends an email to the student as a reminder of the specific items needed and to let the student know the information may be mailed, faxed, or scanned and sent electronically. **All verification requirements must be satisfied by the last day of classes of the final semester of enrollment for the academic year, or June 1st for summer term enrollment.**

Verification Exclusions

In the circumstances below, student verification is not required. The Financial Aid Counselor documents the specific reason within PeopleSoft if any of the following applies:

1. An applicant who died during the award year.
2. A student who does not receive Title IV funds.
3. A student who is eligible to receive only unsubsidized loans.
4. A transfer student whose verification has already been completed by another school for the given aid year. *The FAFSA data must remain unchanged and a letter is required from that school stating that verification was completed and provided the FAFSA transaction number.*
5. Student was selected for verification after ceasing to be enrolled at the school and after all Title IV aid has disbursed.

For dependent students, parent data does not need to be verified if any of the following applies:

1. Both parents are mentally incapacitated.
2. Parents reside outside the U.S. and cannot be contacted by normal means.
3. Parents cannot be located because student does not have and cannot obtain contact information.

For married students, spouse data does not need to be verified if any of the following applies:

1. The spouse has died.
2. The spouse is mentally incapacitated.
3. Spouse resides outside the U.S. and cannot be contacted by normal means.
4. Spouse cannot be located because student does not have and cannot obtain contact information.

Data Elements to be Verified and Required Documentation

For 2022-23, the Department of Education is using a customized verification process. Below is a list of items to be verified based on the student's verification tracking group, as well as a description of required documents.

NOTE: guidance issued by the Department of Education in May 2022 waived verification EXCEPT for Identity/Statement of Educational Purpose and High School Completion Status under Verification Tracking Groups V4 and V5. See Gen-22-06 for more information: <https://fsapartners.ed.gov/knowledge-center/library/dear-colleague-letters/2022-05-18/changes-2022-2023-verification-requirements>

Verification Tracking Flag	Verification Tracking Group Name	FAFSA Information Required to be Verified
----------------------------	----------------------------------	---

V1	Standard Verification Group	<u>Tax Filers</u> Adjusted Gross Income U.S. Income Tax Paid Untaxed Portions of Individual Retirement Account (IRA) Distributions Untaxed Portions of Pensions IRA Deductions and Payments Tax Exempt Interest Income Education Tax Credits <u>Nontax Filers</u> Income Earned from Work <u>Tax Filers and Nontax Filers</u> Number of Household Members Number in College
V4	Custom Verification Group	High School Completion Status Identity/Statement of Educational Purpose
V5	Aggregate Verification Group	<u>Tax Filers</u> Adjusted Gross Income U.S. Income Tax Paid Untaxed Portions of IRA Distributions Untaxed Portions of Pensions IRA Deductions and Payments Tax Exempt Interest Income Education Tax Credits <u>Nontax Filers</u> Income earned from work <u>Tax Filers and Nontax Filers</u> Number of Household Members Number in College High School Completion Status Identity/Statement of Educational Purpose

Adjusted Gross Income and Taxed Paid

The adjusted gross income and federal taxes paid are verified through IRS Data Retrieval, which imports tax information from the IRS directly to the FAFSA. This may be completed during the initial FAFSA filing or as a FAFSA correction. If a student cannot or will not use IRS Data Retrieval, s/he must provide an IRS tax transcript for the student and spouses or parents, if applicable.

If a student did not file a tax return, s/he must submit all W-2s as well as a signed verification worksheet listing any income for which a W-2 was not received.

Household Size

Household size is verified by comparing the Verification Worksheet to federal data. Discrepancies must be corrected before further processing.

Household size does not need to be verified if family size is:

- 1 Independent, single student
- 2 Independent, married student or dependent student with a single/divorced parent

Number in Postsecondary Institutions

Number of family members enrolled at least half-time in postsecondary institutions is verified by comparing the Verification Worksheet to federal data. Discrepancies must be corrected before further processing.

If the student is the only family member enrolled at least half-time in postsecondary institutions, number in college does not need to be verified.

Identity and Statement of Educational Purpose

To verify identity and statement of educational purpose, a student must appear in person at the Financial Aid office and provide a valid, government-issued photo ID to confirm identity. The student must sign the Statement of Educational Purpose in the presence of an institutional official as well. *For distance education students only:* valid government ID must be shown to and Statement of Educational Purpose must be signed in front of a notary public. The original Statement of Educational Purpose must be mailed to the Financial Aid office.

Notification to Students

Students are notified of the results of verification by email, either through a financial aid offer notification or revision communication generated through PeopleSoft or as a personal email sent from the Financial Aid Counselor.

Update and Correction Procedures

There are three situations whereby a Financial Aid Counselor may update student information. When students notify the aid office of an allowable update, the Counselor may recalculate the student's Expected Family Contribution and the new figure may be used to award financial aid. Updates may occur for:

- 1) Dependency status (Dependency status may not be changed for previously certified Direct Subsidized and Unsubsidized Loans, and may not be changed due to marital status)
- 2) Family size
- 3) Number of family members enrolled in a postsecondary institution

If corrections are needed after verification is completed, the student will be required to update the incorrect FAFSA information. This will result in an additional FAFSA being received. Once received, verification will be completed on the updated FAFSA information.

Database Matches, Reject Codes, & C-Codes Clearance

For database match and c-codes on the FAFSA, an automated process assigns PeopleSoft checklists for any missing documentation. The Financial Aid Counselor emails the student, providing additional explanation of the required documents and how to send them. Financial aid offers are not final until the appropriate documentation is received and verified. Common FAFSA messages and required documentation to clear the message and proceed with a final financial aid offer are listed below.

NOTE the updated guidance below from the Department of Education:

For the 2022-2023 award year, the Selective Service and drug conviction questions (as well as the option to register with the Selective Service via the FAFSA) will remain on the FAFSA. However, failing to register with the Selective Service or having a drug conviction while receiving federal Title IV aid will no longer impact a student's Title IV aid eligibility.

Department of Homeland Security (DHS)

If the Department of Homeland Security could not verify the student's citizenship, the student must submit additional information.

US citizens or permanent residents must submit a copy of a US passport, birth certificate, or naturalization certificate confirming citizenship status. The checklist item is completed by the Counselor and a copy of the documentation is stored in the student file or electronically on the shared drive.

Eligible non-citizens whose A-number did not pass secondary confirmation by Homeland Security must be verified through FSA's new SAVE system.

National Student Loan Data System (NSLDS)

If the student's FAFSA indicates that s/he is at or near the federal aggregate loan limit or may be in default or owes an overpayment, the Financial Aid Counselor pulls the student's NSLDS record and retains this in the student's file in ImageNow or notes this in a PeopleSoft comment. If the student is at or near a federal aggregate limit, the financial award is completed accordingly, to either omit any funding from the pertinent federal program or with a reduction from the standard award amount. If the student is in default or owes an overpayment, the Counselor contacts the student to request additional information before completing the financial aid offer. Questions regarding the student's eligibility for federal loans are reviewed by the Student Loan office.

Review of Subsequent ISIR Transactions

Queries are utilized to identify students with additional federal subsidized Stafford eligibility due to subsequent ISIR transactions. Audit queries are used to identify students who are in a federal overaward situation or who are no longer eligible for Perkins loan funding due to subsequent ISIR transactions. The ISIR download and review process is overseen by the Undergraduate Financial Aid office, and they send us query results to review periodically.

SECTION 8: STUDENT BUDGETS

Student budgets are an important component in the financial aid process. Standard student budgets reflecting actual tuition and fees and typical student off-campus living expenses are used to determine the student's total cost of attendance. Special budget considerations are approved through the Professional Judgment process by the Financial Aid Counselor on a case-by-case basis.

Budget Components

The Financial Aid Director collects information on an annual basis to prepare standard budgets by academic program and cohort/admit term. The budget components are as follows:

Tuition and Fees

Tuition rates are approved by the Board of Trustees on an annual basis in late February. DUSON-specific fees are approved with tuition in February. All other University fees are approved by June. Tuition and fees information is available on the DUSON website under the applicable degree program and then Tuition and Fees. ABSN students are charged a flat rate tuition per semester, as long as they are enrolled in at least 12 and not more than 16 credit hours. Enrollment above or below that level is charged at the DUSON graduate per credit hour rate. For graduate students, tuition is budgeted in the financial aid offer based on the standard curriculum for the program and cohort/admit term. After drop/add, budgets are adjusted to reflect the actual tuition charged, if it differs from the standard. For Post-Bachelor's DNP, MSN, and Certificate students, an average tuition budget is calculated to be used as a placeholder budget if needed, with the student's actual enrollment confirmed after drop/add, and financial aid budget and loans finalized at that time. Average enrollment is determined using queries and pulling in the most recent data available for each semester. Loan fees are reviewed on an annual basis using the most recent data available. Loan fees are broken down by academic program and cohort (if possible) or by semesters enrolled to get a loan fee budget per semester. The loan fee semester average per program is used in the program budget. More information regarding the budget construction and data used is stored in the Financial Aid shared drive in the Budgets folder for the respective academic year.

Technology fee, transcript fee, student services fee, and student activity fee are included for all programs. Health fee is included for ABSN and Nurse Anesthesia students, although it may be added for other students if charged and on a case-by-case basis. Recreation fee is only included for ABSN students. A detailed breakdown of fees, amount, and semester charged may be found on the DUSON website under the applicable degree program and then Tuition and Fees.

Books and Supplies

Books and supplies are set annually by the Karsh Office for Undergraduate Financial Support and based on a survey of graduate and professional students administered by the Duke Office for Institutional Research. The survey is conducted

every three years and the average amount from the survey is used for all Duke University graduate and professional student budgets.

Room and Board, Transportation, and Miscellaneous Expenses

Room and board, transportation, cell phone, and miscellaneous expenses are set annually by the Karsh Office for Undergraduate Financial Support and based on a survey of graduate and professional students administered by the Duke Office for Institutional Research. The survey is conducted every three years and the average amount from the survey is used for all Duke University graduate and professional student budgets.

Additional Transportation for Nurse Anesthesia Students

For Nurse Anesthesia students, an additional allowance is provided for average clinical site travel expenses (based on actual clinical site data provided by the Nurse Anesthesia program staff; more details may be found in the Financial Aid shared drive in the Budgets/2022-23 folder or by request).

Health Insurance

All students are required to have health insurance. Students are given the option to purchase insurance through Duke University. These rates are set annually by Duke Student Health and is charged once a year (in the fall semester; a prorated rate is available for students beginning the program in the spring semester and charged in the spring semester only). Health insurance is not included in the standard budget but can be added if requested and charged on the student's account.

Budget Amounts

The Duke University School of Nursing charges by the credit hour, except for the ABSN program, which is charged a fixed rate per semester, with rates as follows:

	2022-23
Graduate courses	\$1984/credit hour
ABSN students	\$24,167/semester

All student budgets include a standard allowance for housing, food, transportation, books, and miscellaneous expenses, as detailed below:

2022-23:

Rent/Housing:	\$4640/semester
Food allowance:	\$1580/semester
Books/supplies:	\$334/semester
Transportation:	\$792/semester
Miscellaneous:	\$1712/semester
Cell phone:	\$300/semester

Health insurance is not included as a standard budget item and added to students if requested and charged. Annual health insurance premium for 2022-23 is \$3,375/year, charged in the fall. For students beginning in the spring, health insurance is prorated to \$1979/year.

Special Budget Considerations

Upon request, Financial Aid Counselors may review, and if appropriate, adjust a student's budget. Students must submit complete the Cost of attendance PJ form with supporting documentation or tuition adjustment Qualtrics form (for tuition adjustments).

Examples of changes to standard budgets include, but are not limited to:

1. Child care - the cost of day care with dependent children may be added to a standard budget with appropriate dollar-specific documentation. Maximum allowance is \$1175/month for full day and \$490/month for ½ day of day care. Allowance is for costs incurred by the student during the months of enrollment in the aid year ONLY. Spouse/partner must be working or enrolled in school as well, and total expenses for the child are divided by two (shared equally between both parents). Allowance is for the student's portion of expenses only. Maximum allowance based on Cost of Attendance for Graduate Schools distributed by the Karsh Office of Undergraduate Financial Support and saved on the Financial Aid shared drive or available by request.
2. Large out-of-pocket medical expenses – medical expenses incurred by the student during the months of enrollment that exceed the normal allowance provided by the Department of Education (generally about 2% of income) may be added to the student budget with appropriate dollar-specific documentation.
3. Additional educational expenses – educational expenses required for the degree and that are not included in our budget or exceed our allocation may be considered with dollar-specific documentation. This may include one-time purchase of a computer (not to exceed \$2500), books and supplies that exceed the allowance, health fee charged to online graduate students, or health insurance charged to a student's Bursar's account.

We cannot consider budget adjustments for living expenses to increase federal loan eligibility. However, students can submit dollar-specific documentation of additional living expenses in order to borrow from a private student loan.

Budget Waivers

If a student receives a resource toward a budget item, the amount must either be included in the financial aid offer as an outside resource (such as tuition benefits or stipends) or the budget item must be removed.

SECTION 9: AWARDING AND PACKAGING FINANCIAL AID

Packaging Philosophies

The DUSON Financial Aid office strives for an individual approach to financial aid offers. Scholarship funding is limited, and therefore is focused primarily on need-based awards in alignment with the School's strategic goals and distributed equitably over all degree programs. Students are offered financial aid to cover the full cost of the program, with Grad PLUS loan offered for graduate students enrolled at least half-time and additional loan eligibility amount noted for ABSN and Health Informatics Certificate students and graduate students enrolled less than half-time to meet any gap between institutional/federal resources and total cost of attendance.

The Financial Aid Director works with the Financial Aid Counselors to develop the packaging philosophy and guidelines. The Financial Aid office works in conjunction with the Business Office, Office of Admission and Student Services, and Program Assistant Deans to develop policies and procedures related to institutional scholarship awarding. The Vice Dean for Finance and Administration has oversight of all financial aid policies and procedures to ensure they are aligned with the school's mission. Final approval for institutional scholarship policies are made by the Dean of the Nursing school.

For graduate need-based scholarships, the student's FAFSA Expected Family Contribution and academic program are used to determine eligibility for the scholarship. All graduate financial aid applicants are considered for need-based scholarship, with no supplemental application required. Graduate scholarship awarding is automated through the PeopleSoft packaging plans and awards are for a fixed amount and number of semesters, based on the student's program of study and any applicable transfer credits.

ABSN student must submit the FAFSA, CSS Profile, required 2020 federal tax returns with all schedules and W-2s (student, spouse, if applicable, and parent, if born on or after January 1, 1987) by the deadline for scholarship consideration. A set number of scholarships at various amounts, ranging from \$10,000-\$60,000 total, divided over the four semesters of the ABSN program, are available. **Incomplete and late applications are not reviewed or considered.** Determination of scholarship eligibility and amount is made by the DUSON Financial Aid office and decisions are final.

Packaging guidelines and philosophies are evaluated by the Financial Aid Director on an annual basis. Need-based scholarship criteria are reviewed by the Financial Aid and Business offices on an annual basis to ensure awarding equity, alignment with institutional goals, and to meet budgetary considerations. Changes to the scholarship award amounts

and criteria are sent to the Vice Dean, Finance and Administration for review and approval, with final approval made by the Dean of the School of Nursing. Merit-based scholarship awarding procedures are reviewed at least annually.

Available Funds & Number of Eligible Students

The Business office and Financial Aid office work together to develop the eligibility criteria and award amounts for the need-based scholarship, with approval going through the Vice Dean, Finance and Administration. The Business office is responsible for institutional fund management and communicates the specific fund award information to the Financial Aid office. Students receiving need-based scholarship are matched with a specific institutional scholarship fund through the Endowment Matching process in PeopleSoft, which is set up at least annually through collaboration between the SISS, Financial Aid, and Business office.

The DUSON Business Office oversees the institutional and HRSA grant funds and works with the DUSON Financial Aid office in the awarding procedure. Please see the Scholarships Award Manual, overseen by the Financial Management Analyst in the Business Office, for further details regarding this process.

Packaging Groups

Need-based scholarships are awarded based on expected family contribution (EFC) and academic program. The EFC criteria and award amounts vary based on the following groups: 1. ABSN, 2. MSN (including post-Bachelor's DNP), 3. Nurse Anesthesia and DNP.

Scholarships are awarded for a fixed amount per semester for a set number of semesters. The standard number of semesters is 4 for ABSN students, 5 for post-Master's DNP students, 6 for Master's students, 9 for Nurse Anesthesia-DNP students and 11 for post-Bachelor's DNP students, unless the student has transfer credits or has already completed some courses toward the degree. In those cases, the number of semesters will be prorated accordingly.

Certificate and non-degree students are not eligible for DUSON need-based scholarships.

Package Construction

Student files are reviewed upon receipt of a FAFSA. For ABSN, MSN, Nurse Anesthesia, and post-Master's DNP students, standard budgets are built based on cohort and the expected courses taken through the standard matriculation plan. For Certificate and post-Bachelor's DNP students, an average tuition rate is used in the initial budget and a student's MAT plan or direct correspondence from the student is used to finalize the financial aid eligibility.

Students selected for verification are contacted regarding supplemental information needed before a financial aid offer may be finalized.

The DUSON financial aid packaging policy is to offer graduate students loan assistance up to the required tuition and fees only, minus any scholarships or tuition benefits paid directly to the student account toward tuition, with a placeholder indicating the amount that may be borrowed for out-of-pocket expenses (such as books, housing, food, and miscellaneous expenses). ABSN students are offered scholarships and federal loans, if eligible. Cost of attendance is defined as tuition and fees plus a standard allocation for books and living expenses.

If a graduate student is not eligible for federal aid, they are packaged with "Non-Federal Loan Limit" placeholder for the costs associated with the applicable semester(s), denoting the maximum amount a student may borrow in a private loan.

Priority deadlines exist for ABSN need-based scholarship, as there are a set number of scholarships and various award levels available per incoming cohort. Deadlines exist for merit scholarship consideration as well as specialty scholarships. For graduate need-based scholarship consideration, we must have received a FAFSA by the first day of classes of the first semester of enrollment.

Federal methodology is used, and the cost of attendance minus EFC equals federal need. Any outside resources and scholarships are applied toward that need, and direct subsidized loan is awarded up to that need or up to annual limits (whichever is smaller).

The Financial Aid Director or Financial Aid Counselor runs ready list queries to determine who is ready to package. The query for first-year students looks for students who are admitted or matriculated, by degree (i.e. R-BSN, R-MSN, R-DNP) and admit term, who have completed a FAFSA. This list is saved on the Financial Aid share drive and communicated to the Financial Aid counselors. The query for returning students includes the specific academic program and academic plan information. These ready list queries are also available to view in PeopleSoft, within the Financial Aid dashboard, filtered by counselor and (for the new student list) by admit term.

Financial Aid counselors verify receipt of financial aid application and review information in PeopleSoft. If the student is selected for verification or if additional information is needed, the counselor emails the student. If the file is complete, the counselor reviews the FAFSA and application.

FAFSA information is used to verify eligibility for federal aid, and federal loan annual fiscal limits are monitored automatically. ABSN direct loan limits are based on 5th year undergraduate limits and whether the student is considered dependent or independent by the federal government. Outside scholarships or tuition benefits are manually awarded, as are ABSN need-based scholarship (if eligible) or Nurse Faculty Loan (if requested). The appropriate packaging plan is then selected for automated awarding of loan funds. Graduate need-based scholarship funds are automatically awarded based on the academic program, plan, FAFSA EFC, and packaging plan set up.

The packaging plans used by the DUSON financial aid office are listed below. The packaging plans award need-based scholarship first (if eligible, graduate students only), then direct subsidized loan (eligible ABSN and Health Informatics Certificate students only), then direct unsubsidized loan, then Grad/Plus loans and Request Max Living Exp Loan (for graduate students). For graduate students enrolled less than half-time, the packaging plan is manually adjusted to reflect Non-Federal Loan Limit in lieu of federal loans in the semester(s) of enrollment at less than half-time.

For Graduate students, packaging plans are manually adjusted so the net disbursement each semester covers expected tuition and required fees only. The packaging plans include the Request Max Living Exp Loan Item type, which is added to cover any remaining cost of attendance, representing the amount a student can borrow in federal loans to assist with out-of-pocket books, supplies, and living expenses.

ABSN Student Packaging Plans:

NBSN-F,SP	NBSN-Fall, Spring (Returning Spring cohort students)
NBSN-FALL2	NBSN-Fall Only (Returning Fall cohort students)
NBSN_1ST	NBSN-1st Year FL,SPR, SMR (First year Fall cohort students)
NBSN_SP_SM	NBSN-1st Yr SPR & SMR (First year Spring cohort students)

Graduate Student Packaging Plans:

NRS_ALL	Nursing - Fall, Spring& Summer (students enrolled all three terms – full unsub)
NRS_ALLSEP	Fa/Spr/S1 – separate unsub (students enrolled all three terms – unsub separated by semester)
NRS_FALL	Nursing - Fall Only (all students enrolled only for Fall)
NRS_FL_SPR	Nursing - Fall & Spring (all students enrolled only Fall and Spring, not Summer)
NRS_NAP	Nursing - Fall, Spring& Summer (Nurse Anesthesia students)
NRS_SPRING	Nursing - Spring Only (all students enrolled only for Spring)
NRS_SPR_SM	Nursing - Spring & Summer (all students enrolled only Spring and Summer, not Fall)
NRS_SUMMER	Nursing - Summer Only (all students enrolled only for Summer)

We have an automated process that runs weekly in PeopleSoft to assign and send an initial financial aid offer notification email to students. For matriculated students, the award information is also available for view on the DukeHub, and an automated process runs weekly to provide matriculated students who have been awarded financial aid with access to the financial aid offer information on DukeHub. For new students, financial aid offers are posted to the Admissions application system.

Packaging Other Educational Resources

Outside scholarships and grants are considered as a resource against federal need and cost of attendance. Students are asked to report other resources through the DUSON Financial Aid Application survey and through DukeHub. Post 9/11 GI Bill benefits are included in the financial aid offer but are not applied toward the cost of attendance or need. Nurse Faculty Loan is applied toward the cost of attendance, but not considered against federal need. External award and overaward queries help us monitor and ensure compliance against overawards and overpayments.

Health & Human Services Program Grants & Loans

DUSON periodically receives federal grant funds specifically for nursing students. A faculty member is the principal on the grant, and the Business office oversees the fund management for the grant. Students are identified through a PeopleSoft and/or Admissions query based on criteria for the grant, and specific application or supplemental materials may be requested. Notification of the award is communicated through the Financial Aid office, in conjunction with the faculty member and Business office.

Employer-Provided Educational Assistance

On our Admissions application, we ask students if they are receiving employer tuition assistance. We account for any tuition assistance in the financial aid offer by listing it as Duke Tuition Benefit or Tuition Benefit-non Duke. Tuition benefits may factor into need-based scholarship eligibility and award amounts as well.

For Duke University Health System's RNTAP program, our Business office receives notification from the Office of Special Programs in DUHS Nursing Administration regarding eligibility each semester and forwards this to the Financial Aid office. These funds disburse to the student's Bursar account, and a placeholder item type named RNTAP is added to the student award to account for this resource.

Summer Awards

Summer is a standard semester at the School of Nursing. Therefore, packaging guidelines and availability of funds is the same in the summer semester as it is for fall and spring semesters – there is not a distinction or preference. Summer semester is considered a trailer, so summer 2022 is part of the 2021-22 academic year and summer 2023 is part of the 2022-23 academic year.

Standard living, transportation, books, and personal allowances are the same for fall, spring, and summer semesters, as enrollment is expected for all three semesters/the full year. Summer aid is packaged up front at the same time as fall and spring aid.

Financial Aid Offer Notification (FAN)

All students receive a Financial Aid Offer Notification (FAN), either generated through an automated PeopleSoft CommGen process and emailed to the student or, for new students, loaded into the Slate Admissions application system to view in the Admissions portal. The FAN includes the cost of attendance, both billed and indirect/nonbilled, as well as an estimated bill (after subtracting scholarships and grants) and net cost of attendance (after subtracting scholarships and grants). It also provides a breakdown of individual aid items by term and source (with scholarships and grants listed separately from loans and work study), and Financial Aid office contact information (address, phone number, email address, website). Additional resources are provided, with links to the Bursar's office, VA benefit information, outside scholarships, and state and federal resources.

All active, matriculated students can also view the financial aid information within the Financials section of DukeHub.

Students receiving need-based scholarship are emailed through an automated PeopleSoft CommGen process and may also view the scholarship notification email on DukeHub once they have matriculated. They are prompted to review the restrictions and conditions of the scholarship online and indicate within DukeHub when they have completed this review, as well as responded regarding whether personal information may be shared with our Development office and donors.

Other scholarship notifications are made by email and including any specific terms and restrictions for the scholarship fund.

Packaging Appeals

Students may submit documentation for appeals based on change to financial income, such as involuntary loss of employment by the student or spouse (or parent, for dependent ABSN students), or based on additional cost of attendance, such as child care or computer expenses.

Appeals are reviewed by the Financial Aid Counselor, with additional review by the Financial Aid Director as needed. Appeals resulting in a lower EFC may impact need-based scholarship eligibility ONLY if materials are submitted with the initial financial aid application. Need-based scholarship eligibility is determined in the first semester and automatically renewed; there is not an appeal/review process after that.

Appeals to cost of attendance would increase maximum Grad/PLUS or private loan eligibility. Appeals to income or other FAFSA data elements may not change aid eligibility.

The outcome of the appeal and additional aid eligibility (if applicable) is communicated to the student by email and through an adjustment to the financial aid offer, if applicable. A revision email would be sent to the student with instructions to view the information on DukeHub.

The appeal process is as follows:

1. Request for appeal is communicated to the Financial Aid office.
2. Financial Aid Counselor emails the student the Appeal Form to complete and return with appropriate supporting documentation.
3. Completed appeal is reviewed by student's Financial Aid Counselor and/or Financial Aid Director.
4. Any applicable changes to FAFSA, cost of attendance, and/or financial aid offer are made by the Counselor or Director.
5. Professional judgment is documented in PeopleSoft.
6. Student is emailed regarding the result of the appeal.

Financial Aid Offer Revisions

The Financial Aid Director runs queries after drop/add of each semester to determine changes to enrollment/tuition charges for cohort groups (ABSN, Nurse Anesthesia, post-Master's DNP). The Financial Aid Counselor updates student budgets and revises financial aid offers as needed.

The Financial Aid Director runs overaward queries weekly to determine overawards and overpayments. Financial Aid Counselor reviews the award and makes the necessary adjustments.

For changes in tuition, Nurse Faculty Loan is revised first, if applicable. Loan reductions are made in the following order: private (ABSN and Post-Bachelor's Health Informatics Certificate students) or Grad/PLUS (graduate students), direct unsubsidized loan, direct subsidized loan (ABSN and Post-Bachelor's Health Informatics Certificate students).

Overaward and tuition compare queries are also run at the end of the fiscal year as a final clean up. Revisions are made as quickly as possible after the query is run (typically the same day). The student views the specific award details in the DukeHub.

Overawards & Overpayments

The Financial Aid office runs queries on a weekly basis to check for students who are currently overawarded. The overaward is typically due to a student reducing the number of credit hours of enrollment (for cohort programs), receipt of a subsequent FAFSA, or receiving a scholarship or other resource.

An adjustment is made to the student's financial aid offer, reducing private or Grad/PLUS loans first, then direct unsubsidized loan, then direct subsidized loan. If possible, the overaward is resolved by reducing future loan disbursements.

If the additional resource must be applied toward tuition only, other funds that are specific to tuition (such as need-based scholarship and Nurse Faculty Loan Funds) may need to be reduced first.

Before returning funds already disbursed and creating a balance on the student account, we will review the budget to determine if there are additional expenses that warrant an increase to the Cost of Attendance. If loan disbursements have already been made and funds must be returned, the Student Loan office is notified of the funds that need to be returned.

The student is emailed regarding the change to the award and the reason.

SECTION 10: PROFESSIONAL JUDGMENT

Students may submit documentation for professional judgment based on change to financial income, such as involuntary loss of employment by the student or a spouse (or parent, for dependent ABSN students), or based on additional cost of attendance, such as child care or computer expenses.

Professional judgments are reviewed by the Financial Aid Counselor, with additional review by the Financial Aid Director as needed. Professional judgments resulting in a lower EFC may impact need-based scholarship eligibility ONLY if materials are submitted with initial financial aid application.

Professional judgment requests to budget items would increase maximum Grad/PLUS or private loan eligibility. Professional judgment requests may result in no change in aid eligibility.

Professional judgment decisions are noted in PeopleSoft and emailed to the student. A revision email would be sent to the student if applicable, directing the student to view the information on DukeHub.

The professional judgment process is as follows:

1. Request for professional judgment is communicated to the Financial Aid office.
2. Professional judgment form is emailed to the student requesting additional information and documentation required.
3. Professional judgment request is reviewed by student's Financial Aid Counselor and/or Financial Aid Director.
4. Any applicable changes to FAFSA, cost of attendance, and/or financial aid offer are made by the Counselor or Director.
5. Professional Judgment is documented in PeopleSoft.
6. Student is emailed regarding the result of the appeal.

SECTION 11: DISBURSEMENTS

Financial aid disburses to the student's account no sooner than 10 days prior to the start of classes. Financial aid offered during the semester disburses overnight through an automated PeopleSoft process. For information regarding loan disbursement policies and procedures, please refer to the [Student Loan office](#).

SECTION 12: SATISFACTORY ACADEMIC PROGRESS

Federal regulations that went into effect July 1, 2011, require that DUSON establish and implement a policy to measure whether students applying for and/or receiving financial aid are making satisfactory academic progress (SAP) towards a degree. This regulation applies to all students applying for aid, whether or not financial aid has been previously received.

Satisfactory Academic Progress (SAP) is the successful completion of degree requirements according to established increments that lead to awarding the degree within published time limits. There are three measurements that are used to determine eligibility: Credit Hour Requirement, Grade Point Average and Maximum Time Frame. Not meeting these requirements may result in loss of all financial aid.

Monitoring of Academic Progress

Students' progress will be reviewed after grades are finalized at the end of each semester (fall, spring, summer). A determination of eligibility to receive financial aid for subsequent enrollment periods will be made at this time. Although DUSON will send a notification to the student, the student is fully responsible for monitoring their own academic progress as it relates to financial aid eligibility. The student should review their grades on an on-going basis and compare it to the standards set forth in this SAP policy to determine if they are meeting (or failing to meet) the established criteria. The SAP policy for Title IV aid recipients is aligned with the School's academic policy, and more information regarding academic policy may be found in each program's handbook.

When a student changes academic programs, we measure SAP based on the student's current academic program only.

Evaluations will be completed in a timely manner; however, the next term may be in progress at the time we are able to notify students of their ineligibility. Should the student be concerned that they may not have met the requirements, they may contact the DUSON Financial Aid Office. Students will be notified via their Duke e-mail account if they have failed the measurement. Students may appeal the decision. The appeal form and directions are located on our website.

There are three parts to the measurement and they are detailed by program below.

ABSN Students:

1. *Qualitative*: Students must maintain a minimum GPA of 2.0 on a 4.0 scale.
2. *Quantitative*: Students must complete at least 67% of the credits attempted. Failing or incomplete grades will not be counted as successful completion. Only an incomplete that has been changed to a passing grade can be added to the number of hours completed for the semester of the original registration. It is the student's responsibility to notify the Financial Aid Office once an incomplete grade has been changed to a valid grade. Transfer credits and repeated coursework will be included in the number of credits attempted and the number of credits completed.
3. *Maximum Timeframe*: Students must complete the required course work within 87 credit hours, which is 150% of the published program length.

Graduate Students:

1. *Qualitative*: Students must maintain a minimum GPA of 2.7 on a 4.0 scale.
2. *Quantitative*: Students must complete at least 67% of the credits attempted. Failing or incomplete grades will not be counted as successful completion. Only an incomplete that has been changed to a passing grade can be added to the number of hours completed for the semester of the original registration. It is the student's responsibility to notify the Financial Aid Office once an incomplete grade has been changed to a valid grade. Transfer credits and repeated coursework will be included in the number of credits attempted and the number of credits completed.
3. *Maximum Timeframe*: Students must complete the required course work within the time periods specified below:
 - Master's and Post-Master's Certificate Students – 5 years from matriculation
 - Post-Bachelor's DNP Students – 7 years from matriculation
 - Post-Master's DNP Students – 5 years from matriculation

Repeated Course Work

Academic program requirements may include repeating required coursework when an F grade is received. If the course is repeated, the GPA calculation for SAP purposes will follow the GPA calculation policy for that program (i.e. for MSN

students, if the student repeats the course and earns a passing grade, the F grade is removed from the GPA calculation, although it remains on the student's transcript.

SAP Warning

Students who fail to meet the Qualitative or Quantitative guidelines at the end of the semester/payment period of review are automatically placed on financial aid warning status for one semester and notified of this status. The student continues to receive federal financial aid for the next enrolled semester. If at the end of the semester of enrollment/payment period, the student is now meeting all Satisfactory Academic Progress standards, the warning status is removed and the student is now in good standing.

SAP Probation and Appeal Process

Students who are on a Warning status and do not meet all of the Satisfactory Academic Progress standards at the end of the next semester of enrollment/payment period of review lose federal financial aid eligibility until they are making progress in all categories (see Regaining Financial Aid Eligibility section below). Students who lose eligibility for financial aid may appeal the decision by following the procedures outlined below.

Those wishing to submit an SAP appeal must indicate mitigating circumstances that occurred during the course of the semester in question, that could not have been anticipated prior to that period, and that adversely affected their ability to successfully complete their required coursework. To appeal, a student must submit a letter of appeal to the Financial Aid Office. The appeal letter should include the following:

- Mitigating circumstances that prevented the student from meeting the requirements of academic progress (i.e. death in the family, student illness or injury, other personal circumstances). Mitigating circumstances do not include: withdrawing from classes to avoid failing grades, pursuing a second major or degree, etc.
- Documentation that supports the student's basis for the appeal
- Steps the student has taken/will take to ensure future academic success. This plan should outline the student's academic goals for each period (e.g. number of credit hours and/or cumulative GPA) that will enable the student to meet the requirements of academic progress at a specified future point in time.
- Anticipated graduation date

In most cases, the SAP Appeals Committee will render a decision within two weeks of receipt of a fully completed appeal. All decisions of the SAP Appeals Committee are final. Notification of the decision will be sent via the student's Duke e-mail account.

If the SAP appeal is approved, financial aid will be awarded for the next semester of enrollment on a probationary period. An approved Academic Plan may be required as a condition of the appeal. An Academic Plan must be formulated with your advisor. Term and Academic Plans and/or other conditions of appeal approval will be included in the notification letter. Students that cannot restore their eligibility in one semester will be placed on an Academic Plan along with the probationary status. This plan will be created with the assistance of the Registrar's office to determine the GPA a student will need to obtain and the number of credit hours to restore academic progress within a set number of semesters (not to exceed four total semesters).

Students placed on an academic plan must successfully meet the terms outlined in the plan by the end of each semester of enrollment. If the student meets these terms, they will continue to be eligible for aid on a probationary status. The academic plan will continue to lay out the requirements for each semester of enrollment until a student successfully regains satisfactory academic progress.

Students who fail to meet the requirements for Satisfactory Academic Progress for their probationary semester or do not complete the requirements of their academic plan (if applicable) will again be ineligible for federal aid and subject to the appeal process. Any subsequent appeal must include information regarding new extenuating circumstances or what has changed since the last appeal.

Students who meet the requirements for academic progress for their probationary semester will resume good standing and again be evaluated at the conclusion of the following semester of enrollment/payment period.

If the SAP appeal is denied, financial aid will be cancelled. If you have been denied aid please review the section Regaining Financial Aid Eligibility below.

Regaining Financial Aid Eligibility

Students denied financial aid after completing the appeal process or failing to meet their Academic Plan can regain full eligibility for financial aid by:

- Raising their GPA to the qualitative standard outlined above by degree
- Successfully completing coursework that will meet or exceed the minimum required for quantitative standard outlined above by degree
- Students who have reached their maximum time frame are not able to regain eligibility except in the case of a successful appeal of the maximum time frame requirement.

Students who are ineligible to receive financial aid may use one or more of the following payment options while attempting to regain eligibility: student's own resources, Duke Tuition Management Payment Plan, and/or Alternative/Private Educational Loans. Students who have taken the necessary measures to regain eligibility for financial aid must contact the Financial Aid office immediately upon doing so and apply for Reinstatement of Eligibility. The student's academic performance will then be reviewed, and if all required SAP criteria is met, full financial aid eligibility will be reinstated, effective the following semester.

SECTION 13: RETURN OF TITLE IV FUNDS

Return of Title IV Funds calculations are approved by and policy is maintained by Undergraduate Financial Aid office. *Changes to federal law may affect this policy.*

Process Overview & Applicability

Steps in Federally Mandated Process

Step 1: Determine the withdrawal date.

If the student officially withdraws, the withdrawal date is the date DUSON determines the student either began the withdrawal process, or the date the student provided official notification to DUSON, in writing or verbally, of his or her intent to withdraw.

If the student does not provide official notification of his or her intent to withdraw, the withdrawal date will be determined as the date DUSON became aware the student was not attending class.

Step 2: Calculate the percentage of enrollment period completed. The percentage of enrollment period completed is determined by dividing the total number of calendar days in the enrollment period into the number of calendar days completed in that period as of the withdrawal date. The total number of calendar days in a payment period includes all days (including weekends) within the period. Scheduled breaks of at least five consecutive days are excluded from the total number of calendar days in the enrollment period and the number of calendar days completed in that period.

Step 3: Calculate the amount of Title IV aid earned. If the withdrawal date is greater than 60 percent of the enrollment period (semester), the student has earned 100 percent of the Title IV funding disbursed for that semester. If the withdrawal date is less than or equal to 60 percent of the semester, the amount of Title IV funding the student has earned is calculated by using the federally mandated calculation to determine the percentage of Title IV funds that have been earned by the student for that semester. This percentage is then applied to the total amount of Title IV funding that was disbursable for the semester as of the withdrawal date.

Step 4: Determine the amount of Title IV aid unearned. The amount of Title IV funding the student has not earned is calculated by subtracting the amount of Title IV funding the student earned from the total Title IV funding disbursed/or

was disburseable.

Step 5: Allocate unearned aid. DUSON is required to return the lesser of the total amount of Title IV funds the student has not earned or an amount equal to the charges if the total amount to be returned exceeds the charges incurred by the student. Charges include tuition and fees and can include other education-related expenses assessed by DUSON. Unearned Title IV funds must be returned within 45 days of the student's withdrawal.

Title IV loan amounts to be returned by DUSON will be credited to the appropriate programs in the following order: Federal Direct Unsubsidized loans, Federal Direct Subsidized loans, Federal Grad PLUS or parent PLUS loans received on behalf of the student.

COVID-related Withdrawals:

Per the updated [May 15, 2020 Electronic Announcement](#), we must determine if a student's withdrawal is COVID-related.

Therefore, as we learn that the student is considered a COVID-related withdrawal, we will request a written attestation from the student explaining why the withdrawal was due to COVID.

If a student withdrew due to COVID, based on allowable circumstances (*See guidance below*), the student may be able to retain the existing federal student aid funds that were awarded in the withdrawal Term without any adjustments:

*The student is considered a COVID-related withdrawal only if the student provides the institution with a written attestation (including by email or text message) explaining why the withdrawal was the result of the COVID-19 emergency. Additionally, a student is considered a COVID-related withdrawal from a distance education program only if the student provides a written attestation (including by email or text message) explaining why the withdrawal was the result of the COVID-19 emergency. Notice, there is no signature requirement here. **If no such attestation is received, the withdrawal is not COVID-related and unearned Title IV aid resulting from the R2T4 calculation must be returned.***

Allowable circumstances for the attestation include, but are not limited to:

- *Illness of the student or family member;*
- *Need to become a caregiver or first responder;*
- *Loss of childcare;*
- *Economic hardship;*
- *Inability to access wi-fi due to closed facilities; or*
- *An increase in work hours as a result of the COVID-19 emergency.*

Information (which in the judgment of the institution is reliable) provided by the family member of a withdrawn student whom the institution is unable to contact is acceptable for documentation purposes.

Step 7: Communication of return of funds. Students for which a portion of Title IV aid must be returned will receive a communication from the Financial Aid Office sent to their Duke e-mail address indicating an adjustment has been made and funds have been returned on the student's behalf. This communication further instructs any resulting balances on the student account must be paid by the student and arrangements for payment must be made directly with Duke's Bursar.

Withdrawal Date

Policies

The withdrawal date is determined by the student's academic dean and is the date the student began the withdrawal process, or the date the student provided official notification to their academic dean, in writing or verbally, of his or her intent to withdraw.

If the student does not provide official notification of his or her intent to withdraw, the withdrawal date will be determined as the date the academic dean became aware the student was not attending class.

If a student does not return from an approved leave of absence, the withdrawal date is the date the academic dean determines the student began the leave of absence. If a student takes a leave of absence that does not meet the requirements of an official leave of absence, the withdrawal date is the date the student began the leave of absence.

Students wishing to return from a leave of absence must receive approval from their academic dean.

Procedures

Academic deans provide withdrawal dates to the Registrar and an official attrition notice is originated and emailed to appropriate departments.

Formula Calculation

Policies

Upon receipt of an attrition notice from the Registrar, the Financial Aid Office performs a return of Title IV funds calculation using the PeopleSoft R2T4 Module. Instructions are available on the DUSON Financial Aid shared drive in the R2T4 folder.

The period used for the calculation is "Payment Period," as all Nursing programs are standard credit hour programs.

The school calendar is determined by:

1. Calculating the days in the particular term/semester, from the first day of classes to the last day of finals.
2. Weekend days are included in the total number of days.
3. Breaks of five or more days are excluded.
4. When counting the number of days attended, the date of withdrawal is counted as a day attended.

Institutional costs are used to determine the amount of refund due from the school versus the student but do not change the amount of aid earned by the student. These costs refer to the original amounts charged to the student for educational expenses for the term of withdrawal and not pro-rated amounts used by the University based on the date of withdrawal. Required fees are included. Health insurance charged through the University can be included, but parking permits, parking tickets, flex account deposits, and similar non-academic expenses are not included.

Aid disbursed or aid that could have been disbursed is determined by:

1. Counting the aid accepted for the term/semester in question only.
2. Aid that could have been disbursed refers to aid accepted by the student and for which all paperwork/application materials and federal verification have been completed by the student.
3. If loan fees are taken out, the net amount disbursed or that could have been disbursed is used.

Repeated Coursework

If a student repeats a course, the hours attempted for the repeated course will count in the quantitative review.

Procedures

The attrition notice is received by the financial aid counselor. The counselor performs the Return to Title IV calculation within PeopleSoft and emails the Associate Director, Michael Maupin, in the Undergraduate Financial Aid Office for review of the R2T4. Once the calculation has been approved, the counselor adjusts the student's aid according to the calculation and notifies the Student Loan Office to return any loan funding within 45 days of the date of student withdrawal.

Post-Withdrawal Disbursements

Policies

If an amount of Title IV aid a student has earned is greater than the amount of Title IV aid that has been disbursed, the difference is treated as a post-withdrawal disbursement to the student. Any post-withdrawal disbursement must be made within 180 days of the date the institution determines that the student withdrew.

Aid for which all requirements (paperwork/application materials and federal verification) have been satisfied is disbursed to the student account 10 days prior to the start of classes. Refunds of applicable aid are provided to the student immediately after the drop/add date for each semester.

Procedures

If a student has *undisbursed aid for which all requirements have been satisfied*, a Return to Title IV calculation must be performed to ensure that funds for which a student was eligible and had earned at the time of withdrawal but had not been disbursed are offered as a post-withdrawal disbursement. The institution must disburse any amount of a post-withdrawal disbursement of grant funds that is not credited to the student's account as soon as possible but no later than 180 days after the date it is determined the student withdrew. A post-withdrawal disbursement of Title IV grants does not require permission from the student.

Written notification will be sent to the student or parent (for parent PLUS loans) within thirty (30) days of the date it is determined that the student withdrew and confirmation received before making any post-withdrawal disbursement of loan funds. The notification will include:

1. A request for confirmation
2. A confirmation deadline of fourteen (14) days or more
3. The type and amount of the loan funds it wishes to credit to the student's account or disburse directly
4. An option to accept or decline the post-withdrawal disbursement
5. A notice of obligation to repay loan funds
6. A notice the student or parent may not receive as a direct disbursement loan funds that the institution wishes to credit to the student's account unless the institution agrees to do so

A post-withdrawal disbursement must be made from available grant funds before available loan funds.

Returning Unearned Funds

Policies

The amount of Title IV funds the student has not earned is calculated by subtracting the amount of Title IV funds the student earned from the total Title IV funding disbursed/or was disbursable.

Unearned Title IV funds must be returned to the applicable Title IV program within 45 days of the date of the students' withdrawal. If the amount earned is greater than the amount that has been disbursed, the difference is treated as a post-withdrawal disbursement to the student. Unearned funds are returned to the Title IV programs within 45 days of the student's withdrawal by DUSON's Financial Aid Office and Student Loan Office on behalf of the student and consider the returned funds as the student's debt to Duke.

Procedures

Students are notified via their Duke e-mail account that, as a result of withdrawal and pursuant to the Return to Title IV calculation, adjustments have been made to their aid package which may create a balance on the student account. Students must make arrangements with the Bursar's office for repayment of the debt if returned funds create an account balance.

Unearned Title IV funds are returned to the Title IV programs in the following order:

1. Direct Unsubsidized Loans
2. Direct Subsidized Loans
3. Federal Grad PLUS/Parent PLUS loans

SECTION 14: INSTITUTIONAL REFUNDS

Institutional refund policies are outlined in the DUSON School Bulletin. Tuition adjustments are made based on the following unless otherwise specified on the withdrawal notice:

Tuition charges will be prorated based on the date of withdrawal as follows:

Date of withdrawal	Percentage of tuition charged
Before classes	0%
1st-2nd week	20%
3rd-5th week	40%
6th week	80%
After 6th week	100%

SECTION 15: TITLE IV FRAUD

Student Fraud

In reviewing reports, appeals, or in other secondary review of files [see Section 7: File Review for more information], discrepancies may arise. Discrepancies in student application materials [i.e. income, citizenship, name, SSN, signatures] must be investigated and resolved. To do so, the Financial Aid office will contact the student to request additional information and documentation. If, in the Financial Aid Counselor's judgment, there has been intentional misrepresentation, false statements, or alteration of documents which have resulted or could result in the awarding or disbursement of funds for which the student is not eligible, the case shall be referred to the Director of Financial Aid for possible disciplinary action.

The Director of Financial Aid reviews the student's aid file with the Financial Aid Counselor and if the decision is made by the Director to pursue the possibility of denying or canceling financial aid, the Director will contact the student to set up an appointment. If the student does not make an appointment, the Director may:

1. Not process a financial aid application until the situation is resolved satisfactorily
2. Not award financial aid
3. Cancel financial aid
4. Determine that financial aid will not be processed for future years

Referral of Fraud Cases

If our office suspects that a student, employee, or other individual has misreported information or altered documentation to fraudulently obtain federal funds, we are required to report our suspicions and provide any evidence to the Office of Inspector General (OIG). Relevant contact information can be found in Chapter 5 of Federal Student Aid Handbook's Application and Verification Guide. Schools must also refer to the OIG any third-party servicer who may have engaged in fraud, breach of fiduciary responsibility, or other illegal conduct involving the FSA Programs. The student may also be referred to the DUSON judicial process.

It is always appropriate for a financial aid administrator to consult with a school's legal counsel prior to referring suspected cases of fraud or misconduct to an agency outside of the school.

Institutional and Third-Party Fraud

Duke University's compliance policy, including how reports of suspected fraud are handled, may be found through Human Resources: <http://www.hr.duke.edu/policies/expectations/compliance/index.php>.

Under the American Recovery and Reinvestment Act of 2009 (ARRA), nonfederal employees who report waste, fraud or abuse connected to the use of ARRA funds may not be discharged, demoted or otherwise discriminated against because of his or her disclosure.

SECTION 16: AUDITS

All audit policies and procedures are maintained by the [Undergraduate Financial Aid office](#).
