

Student Health Fee Waiver Requirements

All enrolled full-time and part-time degree seeking students are assessed a mandatory student health fee each semester. This fee supports a number of services and activities that foster a healthy campus community. Specifically, the fee covers most services rendered within the Student Health Center during each enrolled semester.

If a student meets one of the following criteria, they may request to waive the Health Fee.

Waiver Criteria:

1. The student is a Duke Employee or the spouse of a Duke Employee
2. The student is enrolled in an online/distance-based program AND lives more than 50 miles from Duke's campus.

To request a waiver, please send an email to waiver-request@dm.duke.edu.
