

DUKE CLINICAL INSTRUCTOR INTENSIVE

Clinical Instructors: Never Underestimate Your Value and Impact

Saturday, August 5, 2017
8:00am – 5:00pm
PEARSON 1026

Upon successful completion of the CI Intensive participants are able to:

1. Explore reasons for including clinical experiences in nursing programs.
2. Describe strategies CIs can use connect clinical learning experiences with overall course goals.
3. Clarify the role of the CI and how that influences the “boundaries” they set and maintain with students.
4. Examine ways CIs can successfully work with diverse student populations, including those at risk
5. Propose ways CIs can encourage students to value teamwork and communication in a professional manner
6. Recommend ways CIs can support their own and their students’ mental health and wellbeing
