

Adult-Gerontology Acute Care Nurse Practitioner

Preparing advanced practice nurses to care for individuals from adolescence to senescence in urgent, acute and critical care environments.

Duke University School of Nursing

The destination for outstanding talent

Program Highlights:

- Core courses provide a solid foundation for advanced nursing practice, while specialty courses provide in-depth exploration of complex health problems to aid in accurate diagnosis and management in acute care settings.
- Virtual and on-campus state-of-the-art simulation prepares students for the transition to advanced clinical practice.
- Clinical placements in diverse settings meet academic needs and support transition to the role of advanced practice provider. Clinical rotations are varied and may include intensive care units, emergency departments, hospitalist services and specialty teams/ services.
- Graduates may sit for the Adult-Gerontology Acute Care Nurse Practitioner certification examination offered either through the American Nurses Credentialing Center or the American Association of Critical-Care Nurses.
